

# Citizens Express Opinions on Proposed 10 Amendments

On November 8 the people of Texas will go to the polls and vote on ten constitutional amendments. To see what the citizens of Texas and more specifically the citizens of Randall County, think of these amendments, some of them were asked "To which of the constitutional amendments on which we are to vote on November 8, are you opposed?"

Although taking the negative point of view, the answers did not necessarily coincide. The most frequent answer was a question, "What are the amendments?" which may or may not prove that the average "Mr. Citizen" does not keep up with legislation and the activities of his state and federal governments as he should. Nevertheless, here's what some Randall County citizens think of the ten constitutional amendments.

Marguerite Strain: — I'm not in favor of the women serving on the jury. They are not qualified and

not interested enough in law to be qualified. Women are too temperamental. Besides it would be awfully expensive to remodel the jury rooms. As for some of the other amendments, I don't believe in paying the legislators in advance, or in retirement pensions for county officers. The best amendment of the ten is number nine which provides for lunacy trial without a jury. Frankly, I don't think many of the amendments will pass.

Joe Merriman:—I'd vote for all of them. I think the one on a lunacy trial without a jury should have been passed 20 years ago. Number ten would be good. The women should have this right to serve on the jury.

Florence Stephenson: — For all sound pretty good to me. As for jury service, women serve on juries in other states and it seems to have been successful. I see no reason why Texas women are not just as qualified as those in other states.

T. S. Stevenson:—I don't believe

most of the amendments will go over, however, I think some of them are most meritorious. The women should be allowed to sit on the juries, and we should have a city-county health unit. As for the poll tax, I would not vote to repeal it, it is a good thing. I also don't believe in retirement and pensions for county officers. Let them fight like the rest of us.

A. L. Grabbe:—I'm not in favor of civil service for county employees, nor in paying the legislators in advance. No one should be paid in advance. It's not good business. I do think we should abolish the poll tax even if there will be a registration fee. There will be more people voting than under the present system. As for the county-city health unit, I'm not in favor of any kind of health unit, neither would I approve of retirement and pensions for county officers. To put women on the juries would be a good idea in a way, but I'm rather skeptical about the

majority of women being qualified.

C. L. Joyner:—The trend of times seems to be toward pensions and retirements, but I am definitely against it and would certainly not vote for that amendment. As for the other amendments, I don't think many of them will pass. If the voters voted on number seven, to hold court outside the county seat, that would sure put us out of business down here. It would be a good thing if the poll tax is repealed. Many people resent paying poll tax and as a result we lose a lot of qualified voters. There should be some provision made for women to serve on the juries. That, I am in favor of.

Guy Harp:—The one amendment I am definitely against is the repeal of the poll tax. Plenty of people pay poll tax that are not property owners and do not pay any other kind of taxes. If the poll tax were repealed it would only put more taxes on the already overburdened property owners. I don't

know about the retirement and pensions for county officers. I can't see where they would be in office long enough to put back a very sizeable retirement fund, and certainly the county shouldn't have to pay it. As for rural districts supporting a rural fire department, I'm in favor of that. As it is now, the city fire department will go to rural homes, but the city is bearing all the expense of the fire department. This would equalize the expense to some extent. I am against women serving on the juries for more reasons than one. There is no question about them being qualified, but it would be most expensive to remodel all the jury rooms, which would have to be done, and that would only mean more taxes again to pay for it.

Wilma Richard:—I think most of the amendments will pass. I definitely believe in women sitting on the jury, and I would like to see the poll tax abolished. However, I am against paying the legislators or anyone else in advance for their work. The amendment that provides for a county-city health unit should be a good deal, and also the levying of a tax to rural people for the support of a rural fire department. Number nine which provides for lunacy trial without a jury definitely should be passed in my opinion.

S. C. Harp:—Some of the amendments are all right. Women should serve on the jury, definitely. The poll tax should be repealed, but I never will I don't think. I don't believe in paying the legislators in advance, nor in the retirement and pension for county officers and civil service for county employees. The rural people should have fire protection and I think they will be willing to pay for it. I think it has been a crime to have lunacy trial with a jury, and this amendment to provide lunacy trials without a jury should most definitely be passed.

Mayne Shaver:—The amendment I am most interested in, is the one allowing women to serve on the juries. Not that I care about serving on a jury, understand, but I definitely think women should sit on juries. As a whole women are just as qualified as men, and can hand down just as intelligent a verdict as a jury of men. I'm also in favor of civil service for county employees. It will set the qualifications for jobs higher, and equalize the pay scale to a greater degree, however, I do not believe in retirement and pensions for county officers. The rural fire department would be fine. It would certainly lower insurance rates.

Mrs. J. O. Parker:—I don't know how many of the amendments will pass, but I am in favor of women serving on the jury. Women will make just as good jurors as men.

J. D. Pruett:—Women should have equal rights with men, and I think there would definitely be an advantage to a mixed jury. I am also in favor of civil service for county employees. That would mean they would have to pass some sort of examination for the jobs. Most of the others, it doesn't make too much difference one way or the other, but I believe most of them will pass.

Irene Angel: — Maybe we need women on the jury to see a little more justice done in this county at least. Our court system in Randall County is a travesty on justice.

and I'm ashamed of it! The things that have gone on and crimes which have almost literally gone unpunished, are a disgrace. If any of the amendments can do anything to alter this situation, then I'm for them.

Lloyd Childers:—I believe most of the ten amendments will be passed. I'm definitely in favor of repealing the poll tax. The way it is now it is depriving a man from voting if he doesn't have the money to pay his poll tax, and the poor man has just as much right to vote as someone with a little money. As to number six, I can't see too much sense in giving county officers pensions and retirement plan, however, I am in favor of civil service for county employees. It would regulate the pay scale and equalize it.

Mrs. A. L. Grabbe:—I do think women should be given the right to sit on the jury. Most women would be as well qualified as men. I don't think the poll tax should be abolished, it is good, and I am not in favor of a county-city health unit nor retirement and pension of county officers. Some of the amendments may pass, but I wouldn't vote for all of them.

Mrs. Lorenzo Wirt:—If they were to depend upon my vote, none of them would pass. As to number nine, too many old people could be railroaded into the insane asylum under that system. I am not for the county-city health unit or anything resembling socialized medicine, and I see no point in retirement and pension for county officers. I see no

reason why women shouldn't have the right to serve on the jury. So far as mental activities, women are just as qualified as men.

Jane Darland: — Women are as qualified to serve on the jury as men, and should definitely be given the opportunity.

Dr. Roy L. Johnson:—I am against salary increase and pay in advance for the legislators. It would take more than that to improve the quality of the legislators. The only reason in favor of repealing the poll tax is the fact that the Federal Government is preparing to abolish it anyway. A registration fee would replace the poll tax, and registration should be held ninety days to six months before election time. In number five, it seems to me there should be some merit in some kind of county-city health unit. I see no sense in retirement and pensions of county officers, as there is not enough stability in the jobs to build up a retirement or pension system. I also doubt the wisdom of holding court anywhere but the county seat, as stated in amendment number seven. Why do we need a constitutional amendment for the rural people to set up their own fire department? It seems they could do that on their own. As to number nine, a jury is not capable of passing on a lunatic. That amendment should go into effect. I am for women serving on the jury if they can use them. Of course it will mean remodeling jury rooms, and hiring a woman deputy sheriff to keep track of the women jurors.

## The Canyon News

Fifty-Fourth Year Canyon, Texas, Thursday, November 3, 1949 Number 35

### 8,000 Foot Oil Test Well Will Be Drilled on George Nance Ranch

Another oil test will be drilled in Randall county on the George Nance ranch east of Canyon. The rig was unloaded Sunday afternoon, and drilling starts today.

The rig is a 130 foot rotary outfit, with capacity for a hole 8,000 feet deep. Foster Bros. of Lubbock is doing the drilling, and holds a contract for that depth unless oil or gas is hit at a lesser depth.

A group of Pennsylvania capitalists are doing the drilling. Mr. Nance blocked 20,000 acres in order to secure the test.

The location is 7 miles east of Canyon on the Palo Duro State Park road, and three miles south. Visitors may drive up to the test well and will be welcomed at any time states Mr. Nance.

Several tests have been sunk in Randall county, but none so deep as the present well.

### Christmas Tree Canyon Sought Palo Duro Park

"Christmas Tree Canyon" will become a reality when \$2,500 is contributed to this fund through the Canyon Chamber of Commerce. Citizens of Canyon are urged to make contributions to this fund, since the regular budget of the Chamber is not sufficient to stand this item of expense.

It is planned to decorate from 200 to 300 trees in the Palo Duro State Park, and to put up at least five attractive Santa electric displays between the Park entrance and the lodge.

Application has been made by the Texas National Guard for power equipment to flood-light the light house, which is four miles away from the lodge, and two or more additional attractive points in the park if the Guard is able to secure this equipment.

The Christmas lights would be turned on December 9 and would burn every night during the balance of the month.

Work on the Christmas pageant is getting underway. A carload of lighting equipment has been received by John McCarty from Hollywood. When the director arrives he will bring 300 costumes which will be used in the pageant.

Mr. McCarty told directors of the Chamber Thursday night that he was receiving the full cooperation of all persons in Canyon and Amarillo whom he had contacted regarding the pageant.

Wiring for the Christmas Tree lighting will be the largest item of expense but this will be permanent, and the lights which are installed may be used at Easter, Fourth of July and other special days with very few changes.

Directors of the Chamber believe that the investment is a good thing for Canyon, and will be of lasting benefit. They are calling upon all citizens of Canyon to make an additional contribution to the Chamber of Commerce in order to pay the \$2,500 needed for these lights and equipment.

### Successful Hunting Trip Is Reported

Dr. H. A. Brown has just returned recently from a hunting trip to Jackson Hole, Wyoming. Jackson Hole is a private hunting camp from which parties of hunters are organized and taken all over that part of Wyoming.

Dr. Brown was gone for two weeks and reported a very successful trip, having bagged a bull elk and a bear.

### Holiday Will Be Observed Nov. 11

Armistice Day comes on Friday, November 11. According to a survey taken last December most Canyon business houses will be closed for the day.

At a meeting of the Palo Duro Post, American Legion, last week, a resolution was adopted asking all business houses be closed for the day in order that the holiday be observed.

It was cold Monday morning. The first real freeze hit the Panhandle during the night, dragging the mercury down to 27 degrees above zero. While the Panhandle has experienced several light frosts, this was the first killing freeze. Coming on the last day of October, 1949 weather is running true to form with the first killing freeze near the first of November.

A light rain fell Monday which measured only .08 of an inch of moisture. This brought the total moisture for October up to 1.48 inches and the total for 1949 up to 26.35 inches.

### Sadie Hawkins Week Proclaimed at Hi-Schools, College

November 3 through November 9 is being proclaimed as Sadie Hawkins Week by West Texas State College and Canyon High School and W.T. High School. Sadie Hawkins week is sponsored by Pi Omega Sorority at West Texas State.

Sadie Hawkins Week will be officially proclaimed in the Assembly at West Texas State on Thursday, November 3. Each girl will be given a tag so that she may tag her boy for the week.

Climax of the week will be the costume dance held Wednesday evening, November 9, at 7:30 o'clock at Randall Hall. It will be a strictly costume dance, and prizes will be given for the best dogpatch costumes. A door prize to the 100th couple will also be given.

Special invitations to the dance will be issued to members of the senior classes of both Canyon High School and W.T. High School. Admission to the dance will be 50c per person.

**THEY'VE BEEN NAMED**

The twin girls born on October 25 to Mr. and Mrs. Billy Jo Hunter of Amarillo, have been named. The baby girls are Nancy Karon and Donna Sharon.

### Two Candidates For Education Board Here on Wednesday

John H. Harnly of Miami and Dick Bivens of Amarillo, both candidates for the new State Board of Education, were in Canyon Wednesday meeting the voters.

This is the first time that Harnly has ever been in Canyon. He is a school man of long standing, and his father is the president of a state college in Kansas. He believes that he is in position to represent the country schools and the small town schools in the district to better advantage than his opponent, since his work has been with these schools.

Mr. Bivens recently resigned as president of the Amarillo School Board. He states that if elected he will ask the school administrators of this district to form an advisory board in order to help him with his work. Schools would be divided into three classes—the big schools; the middle sized schools, like Canyon; and the small schools of the area. He believes in this manner school problems may be more intelligently presented to him from this district.

### Community Chorus Plans Announced

The president of the Music Arts Club of Canyon, Mrs. Glenn Dowlen, has just released the list of committees for the community chorus. They are: general chairman, Mrs. Joseph Findley; program committee, Mrs. Bryan McDonald; Mrs. Tom Knight; Mrs. Dan Sanders; decorations, Mrs. H. R. Fulton; Mrs. Newton Harrell; Miss Pauline Brigham; Mrs. Tommie Montfort; chorus membership Miss Matilda Gaume; Miss Marie Fronabarger; publicity, Mrs. Glenn Truax; Mrs. Ples Harper; Miss Isabel Robinson; Robes, Mrs. Harry Brown; Mrs. Herschel Coffee; music and library, Mrs. Findley.

As in previous years, Mr. Glen Truax will direct. The Ministerial Alliance of Canyon will cooperate in offering space, printing programs, etc., and the Randall County library will store the music belonging to the chorus during the year and will check it out for use to any musical organization in town.

The community chorus was started three years ago so that everyone in this area who enjoys singing may participate in a few weeks of rehearsal and a Christmas program. It is open to all who want to come. Those who wish to enroll may call Miss Gaume, 298-W, Mrs. Findley, 605-J, or may come to the first rehearsal Thursday evening, November 10 at 7:30 in the auditorium of the First Baptist Church of Canyon. Regular rehearsals will be held on Thursday evenings thereafter.

### Stork Specials

A baby girl was born on October 31 to Mr. and Mrs. Shirley Pitts. Mr. and Mrs. Charles E. Gerald are the parents of a baby daughter born October 28.

Mr. and Mrs. Velton Sargee are the proud parents of a son who was born October 29.

Born to Mr. and Mrs. Harold Woolsey on October 29, a baby daughter.

It's a boy for Dr. and Mrs. R. P. Jarrett. The son was born on October 29.

October 31 is the birthdate of the baby born to Mr. and Mrs. Aubrey Crossland.

Mrs. Louis Reed from Eldorado, Arkansas is visiting in the home of her parents here, Mr. and Mrs. A. D. Prater.

Mr. and Mrs. Ben Winkelman of Amarillo were here Sunday visiting with friends.

### Gordon Lyons Promoted To District Post

A well-earned promotion for Gordon Lyons, manager of the Canyon office of the Southwestern Public Service Company for the last eight years, was announced this week by T. W. Gilstrap, Amarillo Division manager of the Southwestern Public Service Company. Mr. Lyons has been named to the post of Division Superintendent with headquarters in Amarillo.

C. F. Milnar of the division office at Amarillo, has been named to succeed Mr. Lyons as Canyon manager.

Mr. Milnar brings a good record in civic affairs to Canyon. A young man, he's just 31, he has served as president of the Family Service of Amarillo, a Community Chest agency; vice president of the Amarillo Junior Chamber of Commerce; vice president of the Amarillo Safety Council; member of the Board of Directors of the American Business Club; and Superintendent of the Senior Young People's Department of the Central Presbyterian Church.

Mr. Milnar attended the University of Nebraska, where he majored in education and business administration. He's a native of that state, having been born in Stanton, Nebraska. He is married and has one daughter, Lynda, aged 7. He served as a captain in the Third Infantry Division during the war.

Mr. Milnar has been employed in engineering and sales work by the Southwestern Public Service Company since 1945 when he was discharged from the Army.

Gordon Lyons is a long-time employee of the Southwestern Service Company having been with the electric light and power company since 1928. He has filled managerial positions for 12 years of that time, having been in charge of offices at Farwell, New Mexico and Fairfield, Texas, before coming to Canyon, except for a leave of absence to serve in the Navy he has managed the Canyon office since September of 1941.

Mr. Lyons has served as president of the Canyon Chamber of Commerce; director of Highway 60 Association; and director of the Canyon City Club. He is a member of the Canyon Rotary Club.

### AAUW Group Meet Here November 10

The Amarillo, Borger, Childress, Lubbock, Pampa, and Plainview Branches of the American Association of University Women, will hold a Neighborhood Conference in Canyon, November 10, at 2:00 p. m., in the Branding Iron Theater, with the Canyon Branch as hostess. Those desiring reservations for the six o'clock dinner should make them with Miss Sarah Thompson, Canyon, by November 3.

Special guests will be Miss May Jones, President of the Texas Division, Miss Orrine Woinosk, and Miss Majorie Temple, Legislative Associate, Washington, D. C.

Mr. and Mrs. Wayne Smith and Edwin of Wayside visited here Saturday in the home of Mr. and Mrs. J. T. Sykes.

Mrs. Mary Bailey of Espanola, New Mexico visited here last weekend in the home of her mother, Mrs. B. C. Taylor.

Mr. and Mrs. Jim Carter spent last weekend in Hot Springs New Mexico.

### Cummings Is Named To City Secretary Job

E. T. Cummings has accepted the position of City Clerk of Canyon, starting in his new position Tuesday.

Mr. Cummings recently moved here from Amarillo, having bought the home of Robert Orton, who accepted a position in Houston with the U. S. Weather Department.

For the past five years Mr. Cummings has been auditor of Randall county. He has maintained an office in Amarillo and has several accounts which he has audited regularly in past years. Mr. Cummings states that it is his intention to continue his Amarillo office as he has assistants to look after the office work. While he will devote his time to the city's business he will continue looking after his local accounts.

Mrs. Cummings is county welfare office for the Old Age Assistance department in Austin, and has worked here for several years.

### Election on Next Tuesday Calls For a Vote on 10 Constitutional Changes and Choice State Board Education

### Last Rites For Sgt. Butler Here Thursday

Memorial services for Sgt. Daniel A. Butler, killed on a raid over Germany on April 1, 1944, will be held Thursday afternoon at 2 o'clock at the First Baptist Church here.

The body will arrive Thursday morning at 10:55 o'clock.

Sergeant Butler, son of Mrs. Mamie Butler of this city, was a native of Swisher county. He came to Canyon in 1934 and attended Canyon High School. He was a member of the Baptist Church. He was 24 years old at the time of his death.

He entered military service with the Thirty-Sixth Division in November, 1940, but later transferred to the Air Forces.

He arrived overseas exactly one year before he was reported by the Germans to have been killed.

Besides his mother he is survived by four brothers and two sisters. Brothers are James A. Butler, Amarillo; Wayne and Garland Butler, Canyon; and Tommy Butler, Lubbock. Sisters are Mrs. Carl S. Miller, Amarillo, and Mrs. Bob Duniven, Miami.

Following the services the body will be taken to Tulsa for burial at Rose Hill Cemetery under the direction of the Griggs-Warren Funeral Home.

A special election will be held in Texas next Tuesday, November 8, at which time ten constitutional amendments will be presented to the voters. At the bottom of the ballots are printed the names of two candidates for members of the new State Board of Education, which will administer the Gilmer-Aiken law. These candidates are John H. Harnly of Miami and Dick Bivens of Amarillo.

The following are the ten amendments as they appear on the ballots:

No. 1. Providing for system of civil service for county employees.

No. 2. Increase the pay of legislators and provide for annual sessions.

No. 3. Creation of hospital districts.

No. 4. Poll tax repeal and providing a system of registration.

No. 5. County-wide health units.

No. 6. Retirement and pensions for county employees.

No. 7. Providing for district courts to meet in other towns of county than the county seat.

No. 8. Establishing rural fire districts.

No. 9. Trial of lunacy cases without jury.

No. 10. Giving women right to sit on juries.

### Three Local Men Have Served Under Five Governors

John Knight, G. W. Cox and M. H. Rockwell have been reappointed to the Randall County Parole Board. They were first appointed by Governor James V. Alfred, and each succeeding governor has reappointed the trio.

At the present time the Randall County Board has no men released from the penitentiary to their custody, but they have acted on several cases in the past.

John Knight, chairman, states that they are very proud of their record, and the fact that each governor has reappointed the trio without question. Their commissions came from Governor Shivers on Friday.

### Publishers To Hold One Day Session in Childress Nov. 19

Members of the Panhandle Press Association will meet in Childress on Nov. 19 to spend the day visiting the Childress Index, and discussing current newspaper problems.

Directors of the Panhandle Press Association met in Amarillo Saturday with President Paul Allingham and Secretary Lester Campbell of McLean to complete arrangements for the meeting. Clyde Warwick of Canyon attended the directors meeting.

**Fire Does Little Damage Thursday**

A trash barrel sitting too close to the outside wall caused a fire Thursday in the north apartment of the apartments directly behind the Hi-Way Garage on Highway 87. Smoke and water did some damage to the interior of the apartment and to the furnishings.

The building is owned by A. C. West of Amarillo.

### Boy Scouts Need Meeting Place

Troop 66 of the Boy Scouts, the local Canyon Troop, need a place to hold their meetings. This group is led by R. E. Harrison. There are 32 boys in the troop, and these boys have made an enviable record in the past in scouting in this district. They formerly held their meetings over Samuelson Motor Company but that space is rented now, so the boys do not have a meeting hall.

Anyone who has a solution to the problem of Troop 66, contact R. E. Harrison. These boys are anxious to carry on their Scout work.

**MARRIAGE LICENSES**

A. B. Duncan, Jr. to Louellyn Pennington on October 27.

Mrs. Les Scott who has been ill with pneumonia, is able to return to her work at Price Grocery.

## You Have An Obligation and Duty to Vote on November 8

When November 8 ends, we will either have fulfilled our obligations as good citizens, or will have shirked our duty.

Of course you know that November 8 is the day when 10 constitutional amendments will be submitted to the voters. At the present time these may seem to be unimportant, and of no interest to you, as a voter. Let it be remembered that our constitution is the foundation law of the land, and unless you take an interest in your laws, you will have no one to blame but yourself if the laws do not work out to suit you in the years which are to come.

It makes little difference what your opinion is on the ten constitutional amendments—just so you go to the polls and cast your vote on these important issues. Texas voters have the habit of ignoring constitutional changes. In years past the voters of Texas were of the habit of rejecting all constitutional amendments, regardless of their merit. During recent years there has been a decided change of sentiment regarding amendments. Practically all of them have been adopted by the voters. In this coming election there has been so much opposition to two or three of the amendments that the whole bunch of 10 are likely to fall before the voters.

Go to the polls and vote. An intelligent vote is very necessary in any election.

## The Governor Will Call a Special Election in January

Governor Shivers announced in El Paso that he would call the legislature back in special session in January for the purpose of passing adequate appropriations for the eleemosynary institutions of Texas. Just before his sudden death, the former Governor Jester vetoed this money bill, promising to call the lawmakers back in order to raise the money.

Does this announcement mean that the Governor is now convinced that the people will not boost the pay for members of the legislature, and increase the sessions to annual affairs?

If the amendment carries, the legislature would automatically meet in January, without call from the Governor. Incidentally the 181 members would start receiving state warrant for \$300 each per month, payable in advance. They would be the only state employees who would be paid cash in advance. Incidentally this is the constitutional amendment which is being fought the hardest by the largest number of people in Texas.

## United Nations Is Only Way Left Open For World Peace

We celebrate the anniversary of United Nations on Monday.

Too many folks in America look upon UN as a failure in view of the fact that it has encountered so much opposition from Russia.

We look back at the end of World War I when we thought that the League of Nations was going to settle all of our troubles. The League failed because there was no one to back it properly.

America is pouring out billions of dollars in order to make UN work. It will succeed when all of the Allies get firmly behind UN and are determined to make it work.

This time all Americans have a huge part in the success of peace. It is either peace or destruction. We prefer peace and endurance for America.

## Commies Are Making Vast Claims For Their Achievements

We see where the commies now claim that the public schools of America, the public parks, and most everything good in this nation were devised by the commies. Some of this chatter may be partially right; but most of it wrong.

When William Jennings Bryan proclaimed certain reforms in government he was branded as a Socialist. Yet most of the reforms which he advocated are now the law of the land. Maybe the commies have had some influence in securing these reforms; but who has heard of commies coming over on the Mayflower?

These institutions for which the commies are taking full credit were started in America long before the commies came into existence.

What the commies claim as their accomplishments, and what they have achieved are two different birds.

## Department Store Sales Down

We see where department store sales are down throughout the nation. Is that the reason Dallas stores stayed open on Labor Day, and are open every Thursday night until 9:00 o'clock?

While the big stores are a good index of the nation's economy, yet it may be that the total sales of the country towns are being overlooked by the statistically minded boys who like to make predictions.

## Easy on the Eyes Waitresses

A Philadelphia cafe thought it would find out what the people wanted to eat. A suggestion box was installed for two days. What was the prevailing suggestion? Prettier waitresses. The customers did not care what they ate, just so the waitresses were easy on the eyes.

Cal Brumley of Tulsa comes up with this from the pen of Edward Everett: "Half the people who take the paper will not see the article. Half who do see it will not read it. Half of those who read it will have no interest in it. Half of those who have no interest will not believe. Half of those who believe it do not amount to anything anyway."

Wouldn't it be fine if we could eliminate all of the crime news from our daily papers? Or would they be too drab for most readers without this thrill?

An expert says that the prices of good stocks are so low as to invite investors; now, if the trade can locate the investors!

There is no reason for the commercial air lines to suffer unduly—the U. S. mail subsidy will pay them a profit on their operations.

Wealth, in itself, is not wrong but there are differences of opinion about how far a man can go in getting it.

## Money Counts, But May Not Be Whole Story in Education

The Texas Outlook continues to class the efficiency of the public school system according to the amount of money which is spent by the states for public education. Texas is rated as 18th in the procession of states. New Jersey is listed at the top of the list, followed by Montana, New York, Washington, California, Connecticut, Rhode Island, Nevada, Oregon, Mississippi is at the bottom of the list.

According to statistics New Jersey at the top spends \$260.80 per student; while Mississippi spends only \$66.54. Texas spends \$197.00 per pupil. The Gilmer-Aiken law will wrestle with this problem.

While we do not deny that money makes good or bad schools, the above figures indicate that the big states have no monopoly on big spending, although Southern states with many Negroes stand uniformly at the bottom of the list.

Counting noses and dividing by the total amount of money spent is probably as good an index to the efficiency of education as any, but we have heard teachers who have worked in some of the states with the highest per capita condemning the schools of those states as being entirely inadequate and far below the mark of efficiency. Too many trials in most instances.

## Fifteen Years Has Brought About Many Changes in Nation

Fifteen years ago, America had reached its last frontier. No longer was there the opportunity for continuous expansion and continued activity. It then became necessary for large numbers of the people, having no outlet for the work of their hands or the creations of their minds, to live on the accumulations of those who had been fortunate enough to homestead a stake before the opportunities ran out.

That was before air-conditioned homes, electric lawn mowers, automatic garbifit automobiles, freight-carrying airplanes, weed-destroying sprays, frozen foods in the home, electric blankets, penicillin, ball-point pens, jet-propelled planes and fluorescent lighting. The list of things someone thought up to do as he stood looking into a hopeless future has been astounding.

If there should be no further invention or marked improvement in America for the next fifteen or twenty years—not a single one—the extension of these new things to the point where they would be enjoyed even by 50 per cent of the population of America would still create enough commercial activity to sustain prosperity and a higher standard of living for many years to come.

## New Wage Bill Becomes a Law But Small Papers Are Exempt

President Truman has signed the 75-cent per hour bill into law. The minimum wage was hiked from 40 cents per hour to the new scale of 75 cents per hour.

The new law exempts weekly and small daily newspapers having circulations of less than 4000.

Just where these publications will find workers at a scale of less than the minimum scale, or even at the minimum scale, is a problem which has not been adequately explained.

## Connally Puts It Up to Europe to Work for Themselves

Senator Blanton Connally of Texas has the habit of speaking bluntly, in words which cannot be misunderstood. He tells Europe that those unfortunate countries must get into the harness and do things for themselves; that America cannot continue doling out billions of dollars to support the Marshall Plan.

His warning should be heeded. The taxpayers of America are entitled to some relief, but at the present time there is no chance for such relief.

## Senator Johnson No "Yes" Man

Those who predicted that Senator Lyndon Johnson would be another "yes" man to the administration had quite a surprise when he came out strong against the renomination of Leland Olds, who is charged with leftist ideas. Just being another so-called Democrat, with Socialistic ideas, did not set well with Johnson. Good vote. The only way to clean up America is to kick the commies and socialists out of government.

## Heads in Navy Will Soon Roll

The heads of some Navy men will roll because of the opposition of the Navy to unification of forces. As we said two weeks ago, we are still in favor of keeping all branches of defense, but there is no reason why they cannot be unified and made more workable.

Every once in a while you run across somebody who believes in Hallowe'en ghosts, hobgoblins and straight tips.

If half of what the candidates say about each other were true the nation wouldn't last ten months after an election.

# Mary Lee McGehee Elected WT's Sun Carnival Princess

Charming Mary Lee McGehee, Canyon sophomore, was elected to represent West Texas State as Sun Princess at the 15th Annual Southwestern Sun Carnival in El Paso, December

29 through January 2, 1950. In an election held Thursday in the regular assembly, Miss McGehee was chosen from among ten candidates for the fabulous trip.

Others nominated by various groups on the campus were Martha Bailey, Amarillo senior; Mary Jane Hoover, Pampa freshman; Beth Kimbrough, Canyon senior; Nancy McClelland, Phillips sophomore; Julia Moreland, Petersburg senior; Roberta Sargent, Pampa freshman; Norma Thompson, Tulia freshman; and Jan Travis, Follett junior.

Each of the candidates was called on to the stage by Bill Hutchinson, Pampa graduate, who interviewed the girls. They were in street clothing during the interview. After each of them was interviewed they were called to the stage in evening dress. Then the audience was allowed to vote on ballots passed out by members of the Senate.

Mary Lee will go to El Paso December 29 for the beginning of the lush carnival and celebration, and will be honored as a princess in

events for the next five days.

Coronation of the Queen of the Sun Carnival starts off the celebration on December 29, followed by a unique and professional pageant before the Queen and her court and the Coronation Ball with dancing to the music of a name band.

The next night has been reserved for the concert of the El Paso Symphony Orchestra.

Saturday, December 31 is the day scheduled for the Street Carnival, a sort of Mardi Gras type of carnival. Also on this day will be dances, balls and parades.

Sunday, January 1 has been set aside as Mexico Day, with its International Bridge ceremony.

Monday, January 2 is the day of the annual Sun Bowl Football Classic and also the Fairland Fantasies Parade.

Other plans for the Sun Carnival include a tennis tournament, basketball round robin and numerous other events.

Mary Lee is the daughter of Mr. and Mrs. D. K. McGehee of Canyon.

## WORRIED MAN

Road Driver: "And now, doctor, since I've told you I am going to marry Jane, there's something I want to get off my chest."

Doctor: "You just tell me about it, my boy."

Road Driver: "It's a tattooed heart, with the name Mabel on it."

## MESSY JOB!

The customer was ordering a new suit. His tailor, however, told him it would not be ready for six months.

"Six months!" cried the customer. "Why, the whole world was created in six days."

"True," said the tailor. "But have you taken a good look at it lately?"

Gen. Douglas MacArthur, Supreme Commander in Japan, is getting more official support for the idea of a separate peace with Japan, to be arranged without participation of Russia or China.

## THE REAL NEED

Announcement is made of an electrically operated window for standard installation in houses. Now what is really needed is one that will close automatically when a rain threatens to spatter the sills and curtains.

## THE TOOTH WILL OUT

"I was so cold last night I couldn't sleep."

"And did your teeth chatter?"

"I don't know; we didn't sleep together."

## IN THEIR TURN

It was inevitable, of course, that the fashion people turned out that list of "best-tailored" women. What we're awaiting are the nominees for the ten "best-trimmed" husbands.

## VARIETIES

The next census will show that there are 150,000,000 Americans and 150,000,000 varieties of Americanism.

## NOAH'S ARK

# Many Getting Search Fever

MILWAUKEE, Wis.—Once again the "Noah's ark fever" as it is called in eastern Turkey has been rising in the hearts of Bible students. For nearly 25 centuries eager explorers have been scaling the "dome of eternal ice," of Great Ararat mountain in the hope of finding Noah's homemade craft.

Many have talked about seeing the ark, but who has seen it? About 500 years before Jesus, a priest of Mesopotamia, Berossus by name, declared that he had heard of men climbing up the ark and scraping off its pitch coating to be used for medicines and charms. The ark was designed to be 300 cubits long (439½ feet), so it required a good deal of caulking material. It is regrettable that those early hunters could not have brought down a little piece of the wooden hull so that its gopherwood could have been identified. No one knows what gopherwood is.

## Seek More Data

Right now several Bible students and amateur scientists are seeking more explicit information. These men arrived in Turkey and announced they were heading for the frigid Ararat summits despite the frowns of the Soviet neighbors. The Ararat peaks, known as "Great" and "Little," are far in an eastern corner of Turkey where Iran and Soviet Armenia come together. The Russians fear that the explorers merely want to take a peek over the iron curtain.

"It is quite enough to look at a map to understand the real meaning of the biblical amusements of these Anglo-American imperialists," the Moscow newspaper Pravda asserted recently. "The true purposes of such an expedition are as far from archeology as Egerton Sykes is from Great Grandfather Noah."

## Turks Unimpressed

Sykes, a leader of the present expedition, is a white-haired, rough and ready amateur of the sciences. He was a British diplomat courier during the war and was caught in the German invasion of Poland. After the war he looked for the fabled lost continent of Atlantis. He believes that the flood which Noah survived may have been part of "a vast cosmic disaster" that brought death to the lost continent. He is the more convinced because he has found some 600 flood legends in the lores of many nations.

A year ago the search for Noah's ark was spurred by new tales from the Ararat hills. A farmer told his neighbors that he had seen a ship's prow protruding from a canyon of ice and snow. Because of the unusually warm summer of 1948, he explained, there was a greater melting than at any other time in memory, and therefore the strange object was partly revealed. Other peasants climbed the mountain and saw the prow, it was said, but none of them had cameras to record the sight. Then the snows came and buried the ship again. The Ararat summit is now covered the year around, and is only accessible during a few weeks of August and September.

## Army's Assistant Boss Gets Nickname 'Sugar'

WASHINGTON. — The newly-installed assistant secretary of the army had a new nickname—and his boss a red face.

The nickname: "Sugar."

It began when army secretary Gordon Gray dictated a telegram inviting guests to witness the swearing in of Archibald S. Alexander as assistant secretary. The middle name is Stephens.

In the background is the army's well-known phonetic alphabet for identifying initials and spelling out words—such as "A for Able, B for Baker, C for Charlie and S for Sugar."

Here's what Alexander's friends received from Gray:

"You are cordially invited to attend the swearing in of Mr. Archibald Sugar Alexander as assistant secretary of the army . . ."

## Bass Takes Forefinger Of Fish Resort Owner

PRAIRIE DU CHIEN, Wis. — "Are they biting?" inquired a prospective renter of a fishing boat at the C. M. Brooks boat livery on the Mississippi river at McGregor, Iowa, opposite this city.

"They sure are," came the emphatic answer.

Brooks wasn't fooling—they sure had been "biting." Just a short time before, Brooks had been leaning over the edge of the dock, pulling out grass clinging to the float. With a swirl in the water, a black bass grabbed his forefinger, held on, and was lifted part way out of the water before it let go.

"It was about 12 inches long," Brooks said. "Bass have no teeth, so it didn't hurt." Then, with a grin, "the saying is it ain't a story if dog bites man, but it is a story if man bites dog. How about it when a fish bites man?"

## Youth Program In Canyon To Be Up Discuss Thursday

A meeting has been called of local persons to study the youth recreational program. A small group has been studying the project for several weeks and a meeting will be held Thursday night of this week at the Canyon High School Cafeteria to study the problem.

Mr. and Mrs. J. E. Watson of Floydada visited last week-end here with their daughters, Mrs. Mitchell Jones and family and Mrs. J. A. Edwards and family.

Mrs. Carl Armstrong and Mike from Cloude, spent Monday and Tuesday in Canyon visiting in the home of her parents, Mr. and Mrs. E. P. Harding.

Mrs. David Horn and daughter Lana Kay spent Tuesday in Plainview visiting with Mrs. Lee Mc-Laury and family.

**NOT EXCITING**  
Crime may be on the increase, but it is at least faintly encouraging that a man was arrested as one of the "most wanted" criminals at large turned out to be nothing more blood-thirsty than a swindle.

## Evetts Haley In Talk Opposes Federal Program

J. Evetts Haley, historian and critic, spoke Tuesday at the Canyon Rotary Club luncheon on trends in Washington.

He is interested in politics because he wants to live in a free country; and doesn't want anyone monkeying with his private affairs.

Randall county people are interested in politics, because of the presence of West Texas State, and the need of playing politics in securing appropriations.

He picked up issues of the daily newspapers to illustrate how pressure groups were operating in America. In the steel business, pressure groups are getting pensions for all workers. The cost per man will be \$464.50 per year. Who will pay this? The American people. The pressure groups are piling up the cost of government which will sink the government.

The speaker took a firm stand against payment of farm subsidies. As a cattleman, he has never accepted a government check. "Why should the American people be taxed to pay me to do so and so, and not to do so and so?" asked the speaker.

John L. Lewis could not succeed in his high handed tactics without the aid of pressure groups. "We do a lot of beefing, but we do as we are told," stated a miner. The speaker stated that we have dictatorship in the Lewis example.

Politics and pressure groups are playing a great part in the proposed health program. No doctor and community dares to improve health facilities for fear the federal government will step in and take over.

Mr. Haley discussed the political situation in the Panhandle when this section approved, through its representative on the State Democratic Executive Committee, the steal of the senatorial election by Jim Wells county. The only way that such practices can be stopped is for all persons to be alert and actively participate in precinct and county conventions.

Deficit financing, as approved by the President, is a sure way to bankruptcy, stated the speaker.

Visitors were: Joe Simpson of Borger; Pete Cowart, J. H. Sears, E. B. Hendrick, Earl Phillips of Hereford; J. Madsen and Hokoon Anderson of Copenhagen, Denmark; Floyd Tomlinson, Michell Jones, Mrs. J. W. Shook, all of Canyon; Jabbo Watson, Arch Hunsley, R. G. Mills, J. O. McGuire, Allen Early, Jr., W. H. Lorry, Horace Griggs, John McCarty, J. E. Bowman, Forrest Barnes, all of Amarillo.

Visitors last week in the home of Mr. and Mrs. Cecil Briggs were his mother, Mrs. C. C. Briggs from Abilene, and his aunt, Miss Myrtle Briggman from Maypearl.

All good citizens should vote on November 8.

Two human lives with possibilities of usefulness to others and of happiness to themselves! Who knows what they might be worth to society; muscles capable of hard work, minds developed to shrewdness of planning, hearts that could respond to love, persons who are the product of ages of divine providence?

You and I "waked up" a little late to appreciate the potential good they represent. The officers of the Law represent you and me coming a bit too late to do what we could have done yesterday. Words of interest and of helpful guidance were wanted and we were too busy to speak them; homes of love and of moral ideals are the right of every child and we forgot to inquire whether their parents were able to provide them; the Church could have instilled love of wisdom and of goodness had someone seen to it that they were regularly in their place of education of religious nurture.

It is "a little late" to expect these boys to become good citizens in your community; they may feel that you and I and the rest forsook them when they needed us, and on the inside is bitterness that will be difficult to overcome. And yet it may not be too late for something to be done, if we are willing to make the sacrifice. They need love and understanding sympathy and good comradeship; but all of these will demand time from someone. We have paid police and prison guards and judges in the courts and they will doubtless do all that they can to help. Did you ever ask the court to parole a girl or a boy to you instead of allowing him to go to jail? Girls and boys have been redeemed and made into good citizens, when most people thought it was too late to help. "Big Brothers" have come to the aid of many a boy for his good. "Alcoholics Anonymous" has become one of the major redemptive forces of our time. Here are men willing to take time to help and the returns are almost miraculous. Let the Church help you before it is a little late.

## Amarillo Philharmonic Leads '49 Lyceum Season Thursday

As the first in the 1949-50 Lyceum Programs, the Amarillo Philharmonic Orchestra will perform in the Auditorium of the Administration Building Thursday evening, November 3 at 8:15, announced B. F. Fronabarger, chairman of the Lyceum Committee.

The Amarillo organization, directed by A. Clyde Roller, has presented one concert in Amarillo this year and has a full season ahead of them. On the following night, they will present the same concert in the municipal Auditorium in Amarillo and on November 14 in Portales, New Mexico.

Among members of the Amarillo orchestra are twelve students and four faculty members at West Texas State. The faculty is represented by Lewis Stoezeling, Herman Demus and M. J. Newman of the Department of Music, and Dan O'Connor of the Department of English.

Students playing in the orchestra are Tom Knighton, Erling Hansen, Clyde Swartzell, Keith Baten, Gladys Crisler, Winifred Hendrix, Jimmy Aldrich, Glenn Wilson, Fred Eslich, Jeanne Way, Dale Reynolds and Bonnie Gathright.

The program planned for the concert includes mostly popular classics,

those familiar to most students.

Opening selection will be Overture Rosamunde by Franz Schubert. The music for this famous melodrama was composed for the most part by Hofmann for the Theatre an der Wein in Vienna. Schubert was only hired to write the incidental music and wrote it in two weeks. The opera proved an utter failure, but the overture is still today one of the most popular of classics. It was first performed as the Overture Rosamunde in 1844.

Second part of the program for next Thursday will be the

rendition of the famous Fifth Symphony of Beethoven. The theme in the opening measures of this symphony was used during the war quite extensively as a victor symbol. The symphony was finished by the master in 1808 although it had occupied much of Beethoven's time for many years previous to that. Oddly enough it was first numbered on the program as the Sixth and his Pastoral as the Fifth, but the priority of the C Minor, of Fifth is clearly established by Beethoven's own numbering in the autograph.

Of his nine symphonies, Beethoven's Fifth is probably the best known and most popular. Beethoven said of it that it pictures the struggle of the individual with Fate, the alternations of hope and despair, and the final triumph. In speaking of the first four notes of the opening movement, Beethoven said, some time after he had finished the symphony, "Thus Fate knocks at the door."

A lighter vein of music is the third selection on the program, a selection from Sigmund Romberg's "New Moon," one of the most popular of all American operettas. Many hit songs heard every day in this country are included in the New Moon score, among them "Stout Hearted Men," "Lover, Come Back to Me," "Marianne," and many others.

Orzark Dances, another American work will follow the New Moon selections. The composer of these native dances, Kilpatrick, is a native of the Orzarks himself, and his composition, originally written for the Oklahoma Symphony Orchestra in 1940, set a sort of a record one season by being performed six times.

The dances are based on melodies handed down in the family of the composer and the suite opens with a gay and boisterous reel, followed by a tenderly nostalgic waltz and closes with a jubilant hornpipe.

This work was first presented by the Oklahoma orchestra while Mr. Roller was associate conductor. It has since been used by many orchestras throughout the nation since its first performance.

Mr. Kilpatrick is now associate professor of music and composer-in-residence at Southern Methodist University. Another interesting note is that the first performance of an orchestra composition ever had by the composer was conducted by none other than Mr. Roller.

Forming the last number on the program will be Capriccio Espagnol by Rimsky-Korsakov, a caprice constructed in five movements.

First movement is the Alborada, or morning serenade; second is Variations upon a theme set by horns and violins; third is a change of modulation and color of the first movement, the Alborada; fourth comes Scene and Gypsy Song, and allegretto. This Gypsy Song is highly characteristic of wild gypsy life and is sung by violins against horns and drum rattles. Last movement is Fandango of the Asturias.

This should prove an interesting program which is neither too heavy for the average listener nor too light for those who like good music.

Paul Bestor, New Jersey banker: "Only when agriculture prospers can industry be successful."

Sam Rayburn, House Speaker, is trying to sell President Truman on the idea that it will be wise politically to balance the budget in the fiscal year that starts July 1. A 5-billion-dollar deficit in the present fiscal year, now in sight, is regarded by conservative Democrats in Congress as a political handicap rather than the political advantage that some White House advisers expect it to be.

Philip Murray, head of CIO Steelworkers, let the President know that he expects the White House, in return for past favors, to help him get the kind of pension deal that he wants.

Ferris Booth, investment broker: "God is the only defense against the atomic bomb."

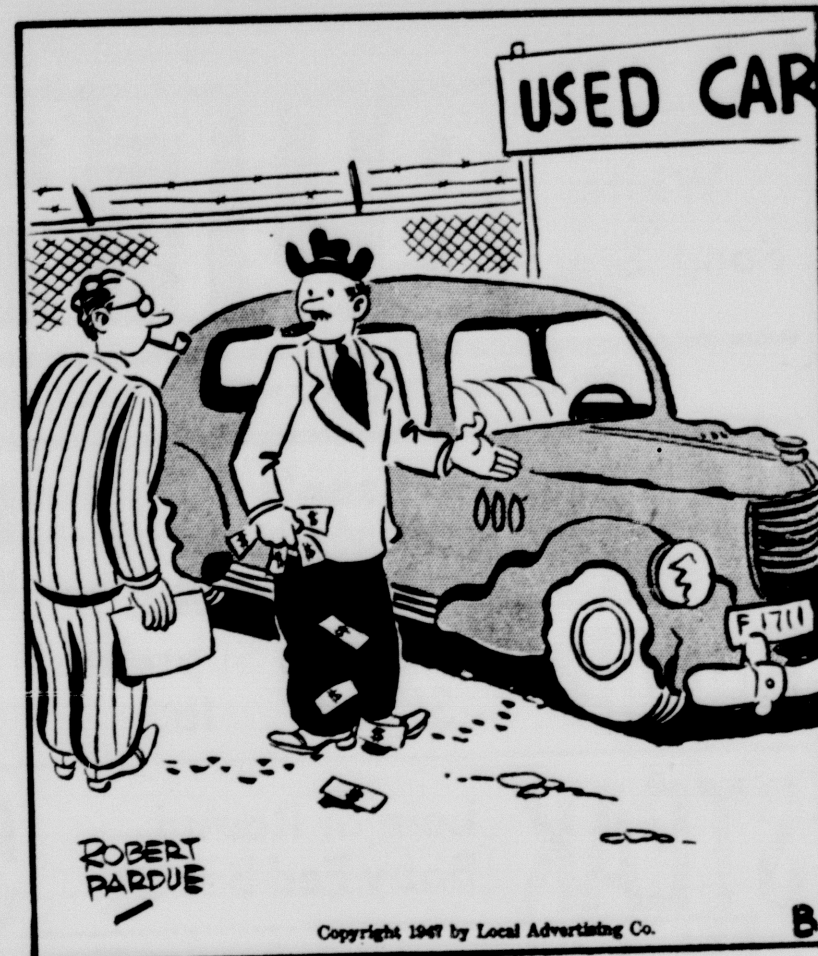

## JUDGE HAMLIN IMPROVED

According to the State Line Tribune, Farwell, Judge J. D. Hamlin is able to leave his hospital room for short auto rides. He underwent a serious operation in Denver recently, but has been removed to the Clovis Hospital for recuperation.

Judge Hamlin is well known here, having served as president of the Panhandle Plains Historical Society.

Cut off the water supply of this country for one week—and water would be more precious than diamonds. Water supply systems are the most vital of all public utilities. Prolonged interruptions to other public utilities would be serious. Prolonged interruption to the public water supply would be a catastrophe. There is no substitute for water! Be appreciative of the efficient but little publicized service you receive from your community water supply system. The cost is small but the service is indispensable.

President Truman is not sure that Mr. Murray said the right thing politically when he told the Steelworkers: "I don't care whether companies can afford pensions or not. A company should not be in business if it can't." Many U. S. enterprises, even in boom times, fail to show profits out of which to meet pension costs, so business mortality could be high if the Murray view prevailed.

## Local Man Bags Deer in Colorado

A. M. Cunningham returned Saturday, October 22 from a hunting trip to Gunnison, Colorado and vicinity. He was accompanied by Joe Fairless and his two sons, Jack and Bill of Dallas.

The party arrived four days before hunting season opened and trout fished, catching their limit every day, until the opening of the hunting season.

Cunningham bagged an eight point buck, and the others each got a buck, while Jack Fairless also got a 700-pound elk. This was Jack's second big hunting trip, he is 15 years old.

Cunningham's deer dressed 120 pounds of venison.

# Mary Sue Foster Is Bride of Bill Dodgin in Home Ceremony

MR. AND MRS. BILL DODGIN

Miss Mary Sue Foster, daughter of Mr. and Mrs. Mark A. Foster, became the bride of Bill Dodgin, son of Mr. and Mrs. E. C. Dodgin of Vega, in a double ring ceremony read by Rev. Dale Pierson, pastor of the Church of Christ of Amarillo, on Saturday, October 22, at 8 o'clock in the evening. Scene of the wedding was the home of the bride's grandmother, Mrs. R. W. Foster.

Miniature yellow chrysanthemums entwined with greenery outlined the white gate archway. Tall baskets of large fall colored mums, flanked by candelabra bearing white tapers, formed the decorations.

Mrs. Lee Foster, aunt of the bride, played a nuptial prelude and accompanied Miss Bob Eileen Duluge who sang "Because" by D'Harlot and Bond's "I Love You Truly."

Preceding the ceremony, Mrs. Don Olson and Mrs. Charles Peckenpaugh, sisters of the bride, lighted the candles.

Miss Bobby Foster attended her sister as maid-of-honor. Miss Sally Foster, cousin of the bride, was ring bearer. The maid-of-honor and the candlelighters all wore suits in autumn colors.

Given in marriage by her father, the bride chose for her wedding costume, a wine gabardine suit complimented by grey accessories. Her bridal bouquet was of gardenias and orange blossoms which was arranged atop a white satin Bible. Inside the Bible she carried a handkerchief which her mother and her two sisters had all carried at their weddings, and for something borrowed she wore a string of pearls be-

longing to her aunt, Mrs. Paul Rogers.

For her daughter's wedding, Mrs. Foster chose a biege suit and wine accessories with a corsage of gardenias. Mrs. Dodgin, mother of the bridegroom was attired in a black dress with green accessories, and her corsage was also of gardenias.

Immediately after the ceremony the young couple was honored with a wedding reception. Guests were served from a table which was covered with a white linen cloth, and centered with a large arrangement of red roses. The three-tiered wedding cake was served by the bride's sister, Mrs. Peckenpaugh, and Mrs. Olson, sister of the bride, presided at the tea service.

Following a honeymoon trip to Colorado Springs, Colorado, the couple will be at home in Vega where Mr. Dodgin is employed.

Mrs. Dodgin was graduated from Canyon High School in 1949 where she was a member of the Eaglette basketball team for three years and was pep leader for the last two years in High School.

Mr. Dodgin is a graduate of Vega High School, and has attended West Texas State College for the past two years.

Out-of-town guests here for the wedding were Mr. and Mrs. Harold Browning and Mr. and Mrs. S. H. Browning of Vega; Mr. and Mrs. Ben Peckenpaugh, Mrs. W. B. White of Tulsa; and Mr. and Mrs. Bob Duniven of Miami; Mrs. J. C. Sharp and Johnny of McAllen and Mr. and Mrs. J. Spencer Pullen, Jr., of Hallington.

On Wednesday, October 19, Miss Mary Sue Foster, who became the bride of Bill Dodgin on Saturday evening, was honored with a lingerie shower at the home of Miss Colleen Prichard. Assisting Miss Prichard as hostesses were Mrs. Orville Turner. The lovely gifts were displayed on the table in the dining room. Refreshments of punch, coconut macaroons, mints and nuts were served to the honoree, her mother, Mrs. Mark Foster and twenty-five guests.

A miscellaneous shower on Saturday, Oct. 13 from 3 to 5 o'clock honored Miss Mary Sue Foster, who became the bride of Bill Dodgin on Saturday, October 22. Scene of the shower was the home of Miss Jeney Forester. Hostesses assisting Miss Forester were Miss June Jennings, Miss Lorraine Carter, Mrs. Harold Brooks, Mrs. Paul Rogers and Miss Bobby Jean Ford.

Receiving the guests were the honoree, her mother, Mrs. Mark Foster and Miss Forester.

The bride's chosen colors of wine and grey were carried out in the decorations and refreshments. The serving table was centered with an arrangement of white mums with a

miniature bride and groom under a white satin arch which bore the names "Susie and Bill." Fall flowers were used throughout the entertaining rooms.

Mrs. Paul Rogers, aunt of the bride, and Janey Forester registered the guests. The honoree received many lovely gifts which were displayed for the guests to see.

Approximately 85 guests called during the tea hours.

## MRS. JACK WALKER HOSTESS TO YOUNG BRIDGE CLUB

Halloween decorations and favors carried out the theme appropriate to the season, when Mrs. Jack Walker entertained members of the Young Matron's Bridge Club and guests, in her home on Thursday afternoon, October 27, at 3 o'clock.

Mrs. Clark Jarnagin won the prize for high score, Mrs. Fred Jennings won the low score prize, and traveling prize was won by Mrs. Harold Erwin.

Pumpkin pie with whipped cream, and coffee was served to Mrs. Tommy Lair, Mrs. Chris Wooten, Mrs. A. C. Haley, Mrs. James Murphy White, Mrs. Louis Henders, Mrs. Stuart Condron, Mrs. Jack Taylor, Mrs. Clark Jarnagin, Mrs. Fred Jennings, Mrs. Bill Sternberg, Mrs. Harold Erwin, Mrs. W. J. Wooten, Jr., Mrs. Robert Bellah, Mrs. Clarence Eugene Thompson, Mrs. Charles Wright, and Mrs. Borden Price.

## HALLOWEEN PARTY GIVEN AT E. L. BARNETT RANCH

The E. L. Barnett ranch was the scene of a Halloween party given Saturday evening at 8 o'clock by Mr. and Mrs. Jim Fletcher and Mr. and Mrs. Leo Thompson, Mr. and Mrs. Arlie Barrett.

Two wagon wheels centered the big ranch living room and were decorated with pumpkins, cat heads with lights behind them. The mantel over the fireplace bore witches and cats heads, and orange and black crepe paper streamers filled the room.

Guests were all dressed in Halloween costumes as devils, penquins, roosters, Robin Hood, ghosts, the old witch, a pirate, hobos, Indians and skeletons. A Western band from Amarillo furnished music for square dancing. Everyone unmasked at 10:30 o'clock. Mrs. James Murphy White, dressed as a monkey, won the costume prize for the women, and Tom Lair, dressed as a Negro, won the prize for men. Judges were Mr. and Mrs. E. L. Barrett, Mr. and Mrs. Charlie Erwin and Mr. and Mrs. Mel Settle.

Guests were served ham, potato salad, pickles, cranberry salad, olives, potato chips, pumpkin pie and coffee, from a table lighted by candles in hollowed-out apples.

There were forty guests.

## MIKE DECKER HONORED ON FIRST BIRTHDAY

Little Mike Decker was honored with a birthday party last Thursday, October 27, on his first birthday. Each little guest was presented with a plastic toy and whistle. They sang Happy Birthday to Mike. Hank Decker served birthday cake

and ice cream to Jimmie Neil Cooper and Mrs. Neil Cooper, Linda Jo Broadway, Dianne Lynn Day and Mrs. Malcolm Day, Susan Decker, and Mike's grandmother, Mrs. M. B. Brown.

## PARK CLUB AND FAMILIES ARE ENTERTAINED FRIDAY

Members of the Park Home Demonstration Club entertained their families and friends with a Halloween party at the home of Mr. and Mrs. H. A. Simon on Friday evening, October 28.

Many different kinds of costumes and characters were represented and everyone had many laughs at their antics.

Halloween games and a large bonfire were enjoyed. Refreshments of doughnuts, popcorn balls, coffee and hot chocolate were served.

## CARD OF THANKS

We wish to thank each and every one of our friends for the many lovely gifts we received for our 50th wedding anniversary, and to all who called at the Cox home on Sunday to wish us many more happy years together. Thanks to all 35p2-Mr. and Mrs. G. W. Webb.

# Ex-G. I. Making Farm Record

Featured in the Southwest Plainsman, farm and ranch supplement of the Amarillo Times recently was the story of a Randall County war veteran and his family.

He came to Randall County after four and a half years in the Air Corps at Randolph Field near San Antonio, and today, with the help of his wife, has literally built a farm home for himself and his family.

Erwin H. Meyer, 30, is a native son of Randall County. His mother, Mrs. Henry Meyer, lives with another of her sons, J. A., east of Canyon. Erwin married a childhood sweetheart, Annie Mae Spencer, whose parents, Mr. and Mrs. J. W. Spencer, reside near them a few

miles southwest of Canyon. They now have three children, Janie May, 6; Erwin Henry, Jr., 5, and the baby, Nancy Lewis, nine months.

On January 9, 1948, Erwin made a \$12,000 Farm Ownership loan with the Farm Home Administration through County Supervisor Harry N. Clark. With this loan, he purchased a half section of land for \$9,600 or \$30 an acre, from his father-in-law. He used the balance to buy equipment and remodel his home.

There was nothing on the half section but a well, but they built a barn in the summer of 1948 and in December moved a two-room house to a site near the well.

During 1949, so far, Erwin has re-

modeled the house which now has three bedrooms. He bought the material and built an overhead water tank, using red wood lumber, which has a capacity of 2,200 gallons. He has finished his granary and added hog pens. He has built a brooder house for a nice flock of chickens. He will add a larger chicken house later. He started with two pigs in 1948 and made his \$561.96 payment on his FO loan with receipts this year from sales of 27 hogs.

His 165 acres in wheat this year averaged only about 10 bushels to the acre due to rust and some hail. But he has 175 acres of wheat already up for winter grazing. He has a few fat calves for the market this fall. He has ten acres of fine sudan to be harvested for seed. He harvested 2,000 pounds on seven acres last year and will make more this time. Besides he has 20 acres of sudan pasture for his cattle. His herd of 13 cows failed to keep it down, but he also has 20 acres of buffalo grass in another pasture for them. He made 35 bushels to the acre off 10 acres of barley, which he will feed to the hogs.

"A diversified farm program is pulling this veteran farmer through," FHA Supervisor Clark reports.

But the half has not yet been told! For there is Mrs. Meyer. With two years training in industrial arts in West Texas State she built bed-

Mrs. Erwin Meyer stops outside of the new farm home which she and her husband have built. She majored in industrial arts at West Texas State so she proceeded to build, with her own hands, bedsteads, baby bed, etc. for her home. There also are two items for the living room that she built in the shop at the college.

steads and numerous other pieces of furniture for the home. And Mrs. Meyer has helped her husband with the work of remodeling their home. They are even now trying to get around to installation of bathroom fixtures since they have the overhead tank for their water system.

Yet this man had a good job with the Air Corps where he was a maintenance inspector with a house to live in at Randolph Field. He could have stayed on there.

"But I am happy out here on my own farm," he added. And it is a dry land farm at that.

"We won't ever have to worry about a man who works like this man Meyer," says the FHA supervisor.

## Dean Juniper to Start Radio Juke Box Program

Do you oldtimers remember the tantalizing tunes of yesteryear such as Bessie Smith, the red-hot mama, singing "Aragvatin' Papa, Don't cha Try to Two-Time Me," or Blanche Ring singing an old 1908 favorite "Yip I Ade I Ayex"? Or how about the tuneful listening from Little Little Jack Little and some throaty warbling of Panhandle-bred Vernon Dalhart?

If you remember songs and artists such as these, then you will have a chance soon to be taken back to those days and enjoy once again music which has memories. If you haven't heard them, then you are in store for a treat.

Ready to bring these oldtimers to you is Dr. Walter Juniper, Dean of West Texas State College, who starts his radio program "Jukebox of Yesteryear" on KGNC, Amarillo, Sunday afternoon, November 6 at 3 o'clock. From then on he will be heard at that time once a week.

Dr. Juniper, Latin professor and academic leader turned disc-jockey, is not new at the game of playing old records for radio audiences. He started collecting rare records as a hobby while assistant Dean of Baylor University. He played them for his friends and soon he was requested to go on the air with them. His program proved so popular that he moved from the Baylor campus station to station WACO and carried on his musical meanderings for the papa's and mama's of students who had spread the word of the jukebox professor.

Interest in the new type program zoomed out over the air ways and to newspapers. Stories and accounts of Dr. Juniper came out in papers from coast to coast as well as in numerous musical magazines.

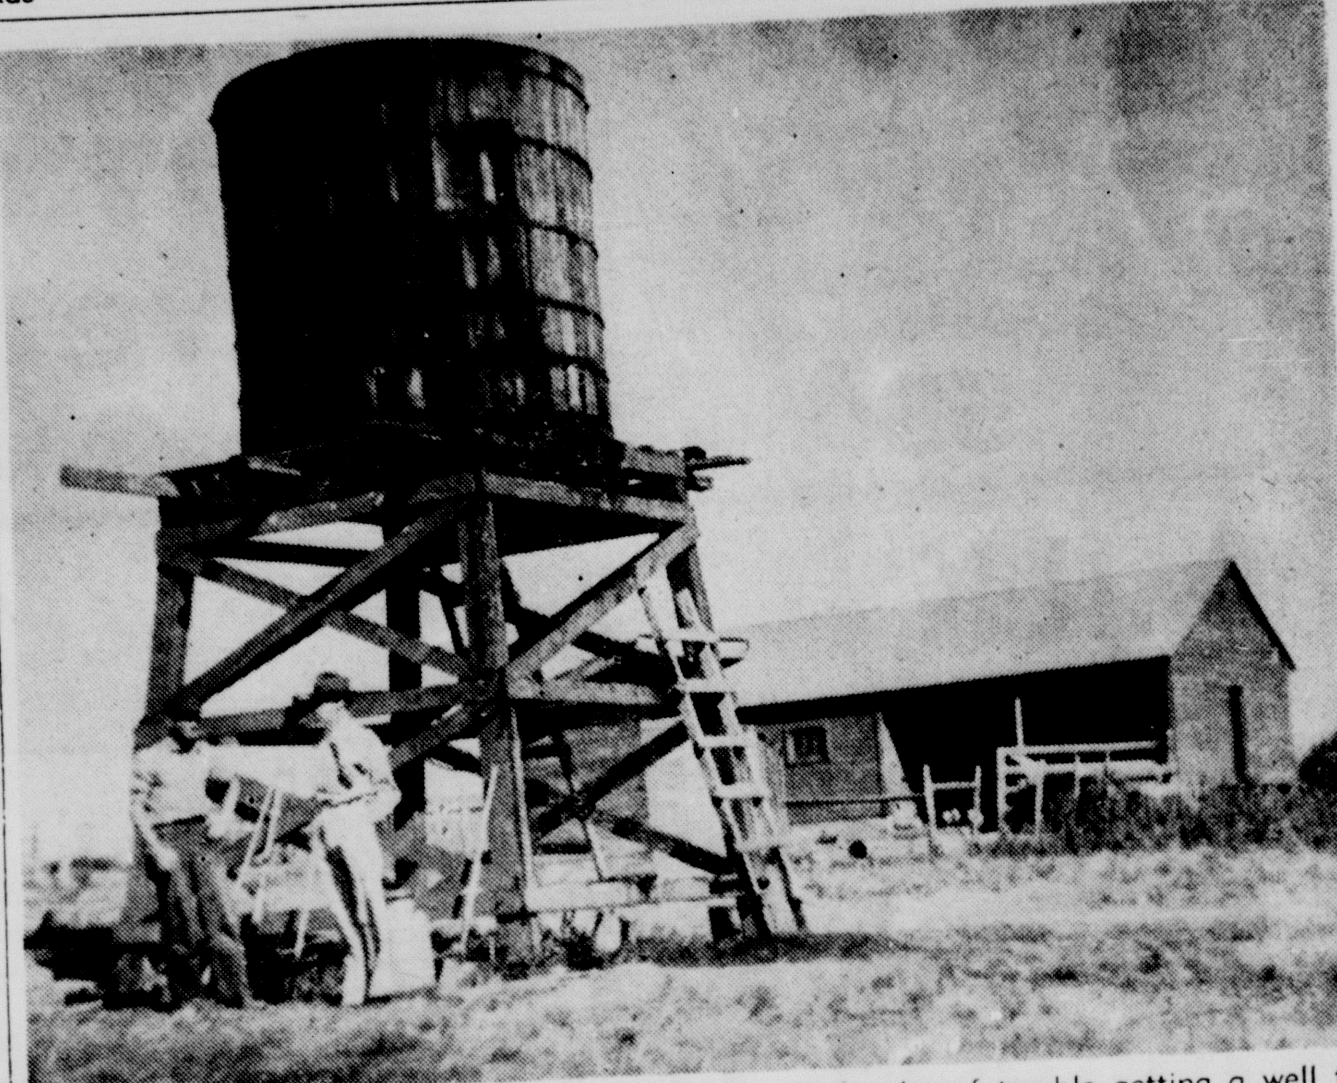

So, starting Sunday, November 6, the Panhandle of Texas will start receiving the benefit of a hobby which has boomed into a remarkable radio venture. It's "Jukebox of Yesteryear," emceed by Dr. Walter H. Juniper.

George Kennan, State Department brain-truster on Russian policy, is revising his doctrine that calls for "containment" of Russia. Instead of looking for Russia to blow up as a result of containment, Mr. Kennan now expects eventual confusion inside Russia when Joseph Stalin dies. An internal explosion inside Russia no longer is an official prediction.

Dean Acheson, Secretary of State, is getting a State Department study holding that it would cost U. S. about 50 billion dollars a year for U. S. to guarantee to keep Russia "contained." To do this job fully, U. S. armed forces would need an estimated 30 billions, arms aid to Europe would cost 10 billions, economic aid and to the world 8 to 10 billions a year.

John P. Taylor, legislative spokesman for American Legion: "It is characteristic of do-gooders that they lose sight of the best interest of the nation as a whole."

China's Reds seek West's trade despite tie to Soviet Russia.

Erwin Meyer, 30 year old native of Randall County, had a lot of trouble getting a well to produce enough water for his household and barn-lot needs on his half section about 10 miles southwest of Canyon. He tried four different sites before he got a well with any promise. Martin Rees, construction engineer with the FHA, then suggested that Meyer build himself an overhead water tank so he would always have a supply of water on hand for all his needs. Here is that tank. Meyer, at left, tells Harry Clark, County FHA supervisor, how he and another put the tank up there.

Edwin Nourse, chairman of the President's Council of Economic Advisers, insisted upon resigning when Mr. Truman accepted the thesis of Leon Keyserling, vice-chairman, that the Government, by planning, can assure every family a minimum income of \$4,000 a year. Mr. Nourse does not like the casual way the country seems to be drifting toward more inflation.

**DEFINITION**  
Lowell Thomas, well-known radio news commentator, recently quoted his father's definition of a good speaker: "Somebody who knows how to make more than one friend at a time."

Top U. S. generals and admirals are to be surprised if Russia does not choose to start a war in the next few years. Military men, testifying in public, talk as though the war is all set, with nothing in doubt except the exact day or month on which the bomb is to be dropped.

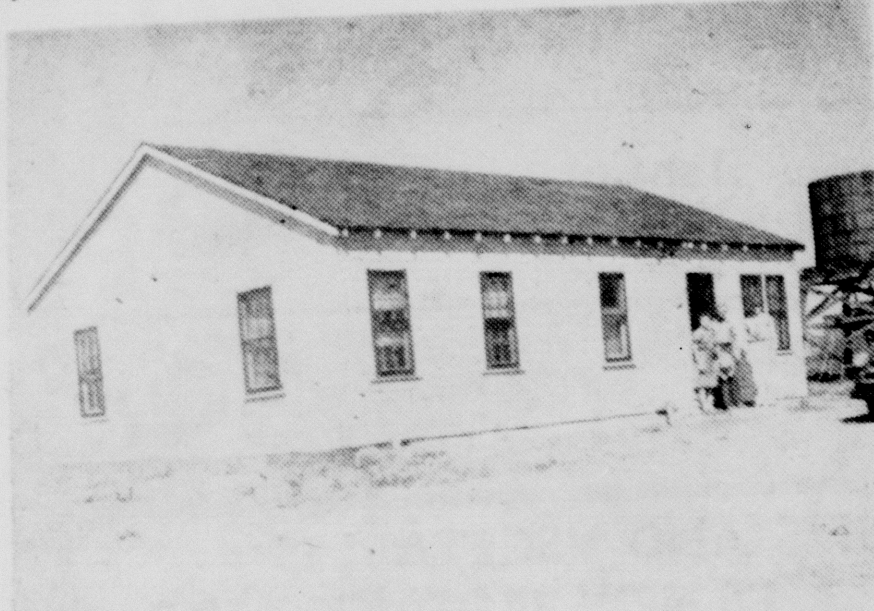

W. W. Butterworth, Assistant Secretary of State: "Men are convinced by what they have seen or heard that sickness, drudgery and want are no longer the inevitable lot of humanity."

Winfield W. Riefler, an adviser to the Federal Reserve Board and former Government economist, is No. 1

in line to succeed Mr. Nourse as chairman of the Council of Economic Advisers. Mr. Riefler, like Mr. Nourse, inclines to be more orthodox and conservative side of economic issues.

Eugene Tatom, Commander, U. S. Navy: "Contrary to popular opinion, the effect of the atom bomb is rather limited in its area of destruction."

J. D. Crump, president, National Wholesale Druggist association: "The sovereignty of the state is being destroyed by the subtle and surest process I know in the tax programs of the Federal government."

Here is the new 3-bedroom residence which Erwin Meyer literally built for himself, wife and three children. Mr. and Mrs. Meyer and their son, Erwin Meyer, Jr., 5, stands at the front door.

Here Erwin Meyer surveys some of those pigs he sold this year.

## Bufs Move to Flagstaff For Conference Tilt

West Texas State's hustling Buffaloes, fresh from a convincing 55-20 upset of heretofore Trinity University here on Homecoming Day are bearing down in practice this week for their conference encounter with Arizona State in Flagstaff next Saturday, November 5.

The hard charging crew of Coach Frank Kimbrough will be favored to take the Lumberjacks into camp. Every player is in the best physical condition of the season. There will be none out on the injured list.

Gene Mayfield, terrific quarterback back from Quittaque, added 118 yards to his total yardage count in the Trinity tussle to zoom to the leadership in total offense in the Border Conference. Gene has racked up 750 yards through the air and on the ground in six contests. Charles Wright, Canyon tailback, moved into

second place in the yards gained rushing department of the conference with 403 yards.

Frank Wise, lanky booter from Coleman, is lodged in second place in punting in the conference with an average of 40.9 per boot. The team as a whole leads the conference in kicking with an average of 42.3.

Hardin-Simmons of Abilene will furnish the opposition for the last home game of the season for the Buffs November 12. Comparative scores point to a tough contest in that Hardin-Simmons had to come from behind to tie Houston University 27-27 a week ago while the Houstonians barely edged the Buffs 14-13.

Tickets for the Hardin-Simmons game may be secured by writing or phoning Clark Jarnagin at the College Book Store on the campus.

## Local Citizens Making Good Use of WT Library

Among the 48,000 volumes in the library of West Texas State College there are 13,836 reference books which are in constant use by the students and citizens of Canyon and surrounding towns. These books include numerous encyclopedias, Who's Whos, and 9,635 volumes of bound magazines.

Approximately 500 current magazines come to the library monthly and after a year they are bound. The magazine list is not yet completed but is being checked by faculty members so as to add periodicals that they will need for classwork. Among the new publications are "High Points," Journal of Personality, "National Parent Teachers," "Nervous Child," Scholastic Editor, etc., a speech magazine, and "The Artist," a publication from Britain.

The library also has a large collection of mounted pictures which prove valuable to art students, practice teachers, and instructors in public schools throughout the area. Clippings from old magazines and newspapers can also be found in the library or can be acquired by sending for them at the library. Another feature of the library is the Rare Book Collection which has recently been increased by a donation of 100 volumes of "Corpus Juris" law books by Mr. John White, a lawyer from Borger.

Many new books have been ordered and they are coming in the mail daily, said Miss Linnie Babston, librarian. Heading the list of latest arrivals is "American Humor," compiled by E. B. White and S. K. White. Here are collected the wit and wisdom of America in its gayest moods by such humorists as Mark Twain, Robert Benchley, and Dorothy Parker.

"Five Acres" by M. G. Kain is a practical guide to the selection and management of the small farm.

John Gassner has chosen outstanding modern plays and put them together in a book entitled "25 Best Plays of Modern American Theatre."

Miss Babston says, "Every day we progress a little more so as to be ready to move into the new library when time comes." The new structure will be ready for use next fall.

## Pork Dangerous If Not Thoroughly Cooked Says Doctor

"Please pass the pork" is a familiar sentence around many dinner tables these days, as cold weather approaches. A juicy roast pork or pork chops are dishes that can't be beat, according to many connoisseurs of meat. However, pork can be dangerous if it isn't cooked long enough. So, be sure that pork passes the test of thorough cooking before you put it on the table. Otherwise, trichinosis may result, said Dr. Geo. W. Cox, State Health Officer.

Trichinosis is a big word, but the disease is easy to prevent. All you need to do is cook the meat until the pink color turns to white. When the change of color occurs, the meat is safe to eat. Farmers who raise hogs for sale as meat, and who feed them garbage, should cook the garbage first, or the meat may become contaminated. If butchered pork is stored at a temperature of five degrees above zero, Fahrenheit, for 20 days, trichinosis parasites should die, if there are any.

If a person eats a pork chop, for example, that contains trichinae, they are swallowed in the form of tiny capsules. In the intestines these capsules develop and discharge minute worms which are carried by the blood stream to various parts of the body... settling in muscles, where after a period of time they become calcified and die.

What are the symptoms of trichinosis? Stomach upsets and muscular pains, a feeling of chilliness, sore throat, and sometimes considerable fever, are some of the signs. An acute attack of the illness lasts about one or two weeks. The disease has a low death rate, but recovery is fairly slow.

**HE GOT WHAT HE WANTED**  
The gangling man with the badge on his vest tried to quell a free-for-all in front of a tavern in a small Kentucky town. But the participants had turned upon him, and he was on the bottom of the brawling heap when two other customers of the tavern emerged and blinked heavily at the proceedings.

"Don't you reckon, Clem," said one, "that we oughta haul Zekt out from under whar he is?"  
"Why?" countered the other tip-sily. "He always wanted to be the under-sheriff, didn't he?"

**ABSOLUTELY CORRECT**  
The pupil looked long and thoughtfully at the test question. "State the number of tons of coal shipped out of the United States in any given year."

Suddenly his face brightened and he wrote: "In 1492—None."

A scholar is the favorite of Heaven and earth, the excellency of his country, the happiest of men.—R. W. Emerson.

## Rev. Weldon Butler Attended Student Workers at Nashville

Nashville: The Rev. J. Weldon Butler, Methodist Church, Canyon, is one of more than a hundred Methodist workers with students attending the National Methodist Student Movement Seminar in session in Nashville October 26-30.

Gathered together "to review the work of the Methodist Student Movement within the life of the Church and the program of the Advance; in relation to religion in higher education and to the developing world scene," delegates represent Wesley Foundation Directors, Directors of Religious Life, State Methodist Student Movement Directors, teachers of Bible and Religious Education, pastors in college and university churches, general staff, and other campus and church leaders.

The theme of the Seminar is "The Methodist Student Movement: An Appraisal, Suggested Standards, Educational and Religious Task."

Reports from special research committees will be heard each day throughout the meeting.

The Seminar is under the direction of a Planning Committee composed of:

Dr. H. D. Bollinger, Dr. Harvey Brown, Dr. Harold Ehrensperger and Harold Ewing from the General Board of Education at Nashville; Caxton Doggett, Kathryn Bieri and Dorothy Nyland of the Board of Missions and Church Extension, New York.

## Eagles Battle Hereford Next; Edged Out By Phillips, 14-7

This Friday night the Canyon Eagles meet the Hereford Whitefaces in a conference tilt. Hereford tied Dalhart 13-13, last week and will be wanting to take the Eagles.

Last Friday night at Phillips, Canyon came out on the short end of a 14-7 score after a bitterly fought battle.

Blackhawk fullback, Melvin Eldridge scored from the 9 yard line after six plays that started on the Phillips 30 yard line in the second quarter, after a Blackhawk end covered a Canyon fumble.

The Eagles took the kick-off and went over the goal line in four plays. Harrell Slack took a hand-off from Garland Butler, the man under, and went 30 yards over tackle to the Phillips 40. Joe Abbott carried to the 30, then rumbled for four more. Landon Barrett went over standing up through left tackle. Butler hit Bruce Winn over the middle with a quick pass for the extra point.

Late in the fourth quarter, the Blackhaws started the drive for the winning touchdown. Eldridge carrying around end for the T. D. Eldridge also kicked the extra point. Butler hit 5 of 11 passes to gain 52 yards with his accurate arm. The Eagles were penalized 55 yards. Phillips fumbled 7 times but none were as costly as the one of the Eagles.

### SPEAK UP

How many times have you sat in class meeting and maybe you heard what is said and maybe you don't. Then comes the time to vote and you either don't care who gets what, or you vote and afterward you don't know what you voted for? Then there is the time, maybe when a motion is put before the class and you don't particularly like it, but you don't have nerve or energy enough to get up and say something about it, and afterward you gripe and fuss about so and so is so and so and I think this person or that person would have been much better. You didn't do anything about it when you had a chance, but now boy, you really can say a lot.

Why don't you speak your piece when that time comes, or can't you think of anything to say then? Well, either speak up or shut up.

By P.M.

A number of students have joined our school in the past few days. These are: Wayne Knight, who hails from Amarillo; Ann Freeman of Dimmitt and Laoda Beckwith from Amarillo.

Mrs. Gladys Dixon is now doing full time work in Principal J. E. Mille's office.

## Varied Work Fills Teachers' Summer

Betty Sue Hardaway's summer was so jammed full of goodies that I hardly know where to begin. Some of the main events were: a visit to her old Alma Mater, North Texas State at Denton, a fishing trip to Texoma with college friends, and a wedding of college friends in which Miss Hardaway was bridesmaid. Her spare time was spent at her home in McKinney, Texas.

A visit with relatives at Carlsbad, New Mexico, and a trip to Junction, Texas, highlighted Mrs. Miller's summer activities.

A summer band school of six weeks and a concert by the band at Dumas on Dogie Day kept Mr. Demus musically fertile during the vacation months. He also took three courses in education and one in government at West Texas State College.

Elk City, Oklahoma, was honored by the presence of Coach Scott when he filled the position of rough-neck in an oil field there this summer. He also visited in Columbus, Ohio, and St. Louis, Missouri.

Mrs. Irene Ball visited relatives and friends in Ft. Worth and Dallas and attended school at W. T. the last semester where she did speech work. By the way, she wants everyone to know that she didn't break her arm THIS summer.

Study, study, study! Some people never get enough, namely Mr. Harry Garrison, who completed his Masters at Sul Ross in Alpine, Texas, this summer.

There's nothing like a nice quiet summer at home to rest your nerves, thinks Miss Hillman. Besides the peace and quiet of home, Miss Hillman took a short trip to Raton, New Mexico.

After a hard year of coaching, Mr. R. D. Wheelock was contented to spend the summer farming near Happy.

### J. T. Miller Attends Meeting Of Principals at Houston

J. E. Miller flew to Houston Sunday to a Principals Association Meeting and returned Tuesday via Braniff airlines. The trip down took 4 hours, 10 minutes, while the return trip took only 3 hours, 30 minutes.

Approximately 400 people attended lectures and the banquet held at the Driskill Hotel, October 23, 24, 25. The main address was made by Dr. Lester A. Pierce, director of psychological center, University of Houston, and Tilman B. White, principal of Pasadena Senior High School, on an Effective Guidance Program.

The Banquet was held at 6:00 p. m. Monday following a discussion of high school problems.

An examination of special problems was held Tuesday afternoon after which the group adjourned.

Remember 'Hobo Day' for FHA girls is Saturday, November 5th!

Cal's back, to aid with love's passing parade!

First of all I would like to correct a statement from last week's column. Betty Slagle does NOT go with a boy from W. T. as far as Louie Davis is concerned.

Ruth Parker and Jimmy Cornette sure make a nice couple. Don't they Joyce?

Patty Sue Ford needs to get her sleep at night instead of in the third period study hall, says Coach Scott.

UNWANTED: An eligible young lady who can keep house, cook and sew. Unwanted by guess who. Yep, Coach Scott.

Betty Mitchell and ex-student Don Hickman seemed to be having fun at the bon-fire last Thursday.

By the way! Did you know Clement Merchant walked Bobby Sue Gressett home, Thursday?

Virginia Thomas is now wearing Buck Guthrie's ring. Nice go!

I heard that Betty Glanton has a soft spot for Ed Harrell. How about that Betty?

It is rumored that Duane Howard would like very much to have a date with a certain sophomore girl with the initials J. P.

These blind dates are really wonderful, aren't they? Just ask Linda Dooley and June Chain.

A little off the subject, but Mr. Schultz is sponsoring a petition to get the hall clock set at the correct time.

I wonder who that good looking boy was that Katie Furlow was with in Amarillo, a few nights ago?

## Plentiful Windows Give Light and Air

Windows are here to stay. At least one would think so when counting the number who have in the grade school, high school, cafeteria, and annex buildings.

We really need all the windows we have too. Just think of the different things windows do for us. They give us light, making us cheerful and lighthearted. Windows also give us plenty of air without which very few of us could survive.

A true friend is the window. Little time does mankind give to the contemplation of the virtues of these poor neglected things. It's a wonder their feelings aren't hurt, if such they have, and surely they do.

How fortunate are we, the students of Canyon Public Schools, to be so liberally endowed with school buildings practically sprouting with windows. As proof, the number has been carefully counted, which is now presented to you.

There are one hundred fifty-seven windows in the high school building containing two thousand three hundred seventy-seven panes. In grade school building there are one hundred ten windows made up of one thousand four hundred ninety-six panes. The annex building has fifty-three windows containing eight hundred forty-eight panes, while the cafeteria boasts both glass and brick windows. There are glass brick windows, containing two hundred ninety-six panes. Seven glass brick windows, containing four hundred eight glass bricks and one hundred sixty-seven glass bricks framing the doorway of the cafeteria.

If anyone doubts the accuracy of these statements, they are free to do some counting themselves.

## CHS Band Executes March Maneuvers

C. H. S. has five twirlers this year.

The faculty and students of CHS wish to express their deepest sympathy to Mrs. Cecil Simms, English instructor, on the death of her mother last week.

## Grade Notes

Mrs. Collins' first grade made caps for Halloween favors as an art project. The children were served a treat of mints last Friday afternoon.

Both first grades had a spook parade, wearing caps and carrying noise makers and balloons. To advertise their booth at the carnival, the children carried signs with "Buy Popcorn from the First Grade" written on them.

Visiting in Mrs. Black's first grade this week was Mrs. Leta Gains.

A new student, Alvime Foster, has joined the class.

For an art project, the children in Mrs. Goodman's third grade had a contest to see which pupil could make the best Halloween mask.

Mrs. B. E. McCormick, chairman of Mrs. Goodman's third grade room mothers, is giving a tea next Friday. Mrs. Goodman has invited all room mothers to be present.

Mrs. Usery's third grade gave a party for their mothers last Friday afternoon at 2 o'clock. The pupils invited the visitors to see their farm unit results.

The students of Mrs. Brasher's fourth grade saw a picture show on "How to Use a Dictionary."

Mrs. J. R. Pruett and A. B. Gray visited Mrs. Cousins' fourth grade last week. Barbara Hutton and Don Ford have been absent, due to illness. Mrs. Cousins' pupils, also, saw the show with pupils of Mrs. Brasher.

Mrs. Jones' fifth grade expresses thanks to the M. E. Moses Company for the toys given them for their Halloween carnival booth.

A new pupil, Leroy Gazzaway, has joined Mrs. Walsh's fifth grade. Anna May Flowers has returned from a trip to Hedley, Texas.

Mrs. John Davis' sixth grade has been giving choral readings to the fourth, fifth, and sixth grades.

## Next Saturday Is FHA Hobo Day

If you don't want to rake leaves, wash your dishes, windows, clothes, iron clothes, clean house or do any other odd jobs around the house next Saturday, let FHA girls do it! Yes, this coming Saturday, November 5, is "Hobo Day" for the Canyon Chapter of FHA. It is a part of the activities of National FHA Week and its purpose is to make money for the chapter's use. The girls will call at different residences over town looking for work, but if anyone has a special job for the girls, please call the High School, telephone number 23, and make your requests.

The girls will work from 8:30 until 12 o'clock Saturday morning. Fees for work done will be whatever the housewife thinks it is worth.

They are: Betty Ross Craig, Major, Sherma Dixon, acrobatic performer, Dorothy McReynolds, Anelle Pond, and Nelda Ruthardt.

The band is learning all the tricks of marching. They are now able to do the left and right oblique, a decrease and increase front, a counter-march, an involved telescope and a great divide.

Recently the band has performed with the West Texas State College when the Texas Westerners were their visitors. They also assisted in the colorful half-time show during home coming at the College and marched in the parade.

When it is possible, they will accompany our team on all out of town games.

### Losing Purple Side Stages Skating Party for Winners

The Junior class of CHS attended a skating party in the high school gym, Tuesday night. The purples, the losing side of the magazine campaign gave the party for the whites, winner of the sale, with Mr. Shultz sponsor.

The students, besides skating, engaged in several activities of the evening, some of these were: playing ping pong, knocking for eats and dancing.

Refreshments of deviled ham, au gratin sandwiches, potato chips and cokes were served by Mrs. Samples and Mrs. Ross Craig.

When dancing began, class members were free to leave, if they so desired.

### Society Sue

These girls surely look lively in their green sweaters—Florence Coffee, Sue Ann Kinney, Mary White and Ruby Lee Bonds.

Geneva Gressett sports a turquoise sweater set which does much for her complexion.

### Rules Must Be Observed Or Sadie Will Be Vexed

"Hey, wait for me! I'm coming fast as ever my feet all carry me," cries Daisy Mae, and this time she means business. And judging by Li'l Abner's worried expression, he believes it, too.

Rest assured, ye Bashful Boys of Canyon High, your time is coming and it won't be long, 'cause Sadie Hawkins' week starts Monday, November 7,—and lasts a whole week. Some of the rules laid down by the gals are:

Boys should give the girls a chance to ask for dates.

Girls shouldn't ask the same boy twice.

Deadline for stayin' out is midnight.

Girls should really show the boys how a date should be conducted.

Boys should remember that it costs money to have dates so don't make the girls dig too deep into their pocketbooks.

Remember fellows, keep your hair neatly combed, finger nails manicured, shoes polished, and wear some cologne that stinks good or you won't stand a chance of being asked for a date by Sadie or her smelly associates.

If Sadie ain't ketched a eligible bachelor by next Tuesday, certain measures might hev' to be took by the graduatin' class to aid this heare gal in gettin' 'im an' holdin' 'im 'til marryin' Sam charges in upon the scene!

## Programs Made For Assemblies

Want a nice snake for a pet? Why not? Probably that little old snake will be lonely. Anyhow, remember, December 2, is the date that Jack Raymond, lecturer on reptiles, will give an assembly program.

January 2, Walter Evermond, a lecturer, will give a demonstration in assembly on liquid air. In February, an animal program is on the roster. Doch Dougherty, a ventriloquist, will have charge of the assembly on March 13. A musical presentation by the Wade Quartet will be the last of five numbers from the Southern Assemblies Association for our school.

Various other assembly programs have been scheduled for the coming year. Sadie Hawkins, Thanksgiving, Christmas, and Easter programs will be given by members of the student body. Most of the departments will have charge of assemblies at one time or another; these include the homemaking, agriculture, social science, English and music departments.

"We feel that these assemblies are a necessary part of each student's education. They give opportunities for student participation to some extent," says J. E. Miller, principal.

## Red Cross Plans Work For Year

Miss Novella Goodman entertained Red Cross representatives of Canyon High and W. T. High Tuesday evening with a buffet lunch.

Emphasis this year will be on home service, but there will be several boxes packed for foreign shipment. Also the group will continue making centerpieces for special dinners at the Veterans Hospital in Amarillo, and will send Christmas gifts to orphan homes.

The next meeting of the combined representatives will be a tea in the home of Mrs. Mitchell Jones, December 3.

The first meeting of CHS representatives will be held in room 38, November 9.

CHS representatives present were: Rita Crow, David Miller, Dorothy Neblett, Annette Rusk, Virgil Martin and Virginia Rigbsy.

Other guests were Miss Elva Fronabarger, Mrs. Mitchell Jones, Margaret Hillman, and Mrs. J. L. Gilmore, Co-Advisers of the chapter.

Mary Ruth Hill have aqua sweaters. U-m-m-m!

To bring out her creamy complexion, Joanna Haines wears a deep red faille crepe blouse.

Ann Barnhill looks very sweet in her lavender blouse with the white yoke.

Say! What's that I see coming down the hall? Yes, it's that adorable brown and white checked two piece suit trimmed in brown velvet Dana Lee Rice is wearing.

Was that a breeze that just went by? No, just Mary Elizabeth Jennings in her tan corduroy dress.

Wonder who the girlfriend is. Well, anyway Larry Prater surely had on some good smelling hair tonic a few days ago.

Something new has been added to Christine Mobley—a multi-colored brown leather and suede western style jacket. Very attractive.

Mable Graham, a Baylor student, Suzanne Stevenson, Laura Davis, Jerry Foster, and Juada Jean Edwards of W.T. visited school last Friday. They are 1948-49 graduates of CHS.

## Graham Selects Practice Team

Eighteen squad members for the 1949-50 girls' basketball team have been chosen. Forwards are: Patty Ford, Bobby Ford, Peggy Bonds, Ruby Lee Bonds, Tysene Cox, Barbara Glanton, Mary Elizabeth Jennings, Shirley Priddy and Carlene Rogers. Guards are: Lorayne Carter, La Rue Davis, Bobby Foster, Joanna Haines, Jnie Jennings, Barbara McDougal, Lynn McKinney, Jo Parker and Patsy Priddy.

The traveling team of twelve members has not been named yet. The eighteen girls listed will practice daily. Manager for the squad will be appointed this week.

The following girls have had experience on the Eaglette team: Patty Ford, Bobby Ford, Ruby Lee Bonds, Mary Elizabeth Jennings, Lorayne Carter, Bobby Foster, Joanna Haines, Barbara McDougal and Jo Parker.

### SOMETIMES

Parents sometimes don't stop to consider that youngsters, in seeing garish wallpaper designs, feel a challenging urge to try and outdo and embellish the display—with crayons.

### IF YOU ARE

The general designs of autos now are expected to remain the same for several years—if you're careful how you drive.

## FFA Initiation Is Shocking Success

No casualties were reported at the F. F. A. initiation last week, thanks to Dr. Nester who was kind enough to give all the victims a free check-up. Although some parts of the initiation were too excruciating to mention, a highlight of the evening was when the greenhands had to sit on a cake of ice and say the F. F. A. creed.

Electricity played a shocking part of the evening also. Mr. Devin asked any boys who wanted to contribute \$5 to the chapter to stand up. Some one let a current pass through the chairs the boys were sitting on and now the chapter is much richer financially. The boys got quite a charge out of it, too.

A formal initiation was held later in the evening with all club officers participating on the program.

Mrs. L. T. Devin served refreshments of sandwiches, potato chips, cocoa and cookies to conclude the festivities.

### Clement Merchant Heads New Library Organization

Clement Merchant is the president of the new library club, organized last week. Lucille Shelnut is secretary-treasurer. There are about fifteen members in the organization at the present time.

Last week the students worked on their carnival booth, the maranette show. The boys made the stage and the girls the dolls. There were scenes from Tom Sawyer and Huckleberry Finn. Now that the carnival is over they are getting ready for book week. Various members of the club will give book talks and book reviews. The club will work in the library. There will be several socials along with their work.

### FHA Formal Initiation Is Thursday Night In Auditorium

Formal initiation for the freshman Future Homemakers of America will be held in the High School auditorium, Thursday, November 3, at 7:30 o'clock.

All mothers of FHA girls are urged to be present for the initiation. A reception will follow in the homemaking department.

The initiation, which is a very beautiful ceremony, is an annual tradition of the FHA.

# Charles A. Wells Chosen Willson Lecturer; Series Starts in November

Charles A. Wells, noted journalist, cartoonist and lecturer, has been chosen as the 1949 Willson lecturer, and will appear on the WT campus November 29 through December 2. Mr. Wells has traveled far and

written much for newspapers over the country about life in all parts of the world and has kept in close touch with the significant events and trends in the news by repeated trips to Europe, Asia, Latin America and Russia.

He is extremely familiar with conditions today in Russia although he has been unable to enter that country recently on his visits.

As a basic part of each of Mr. Wells' lectures he draws cartoons to go with the topics of his talks. He is widely known as both a writer and cartoonist and has been editor of one of the most widely circulated newsletters in the country, Between the Lines.

He started his career as a sports artist and feature writer, covering major athletic events throughout the country. Then he entered editorial work, writing and drawing editorial cartoons. Later special assignment work took him abroad frequently as a feature writer. This travel abroad brought about his interest in the spiritual troubles of the world.

This interest soon brought about a demand for his knowledge of these troubles until today he is one of the most widely sought after speakers on the subject in this country.

The junior Buffs fumbled eight times, while the visitors had 16 penalties tacked onto them.

## EPISCOPAL CHURCH

Mr. Henry Seaman, rector, was in Canyon on Sunday, October 30, and held services at All Saints Episcopal Church. He was honored at a dinner at the Little House of Fellowship immediately following the services.

Mr. Seaman is the son of Bishop E. C. Seaman who was Bishop of North Texas for many years. Mr. and Mrs. Seaman live in Plainview and he serves the churches in Plainview, Canyon and Hereford.

Members of Congress, going home to take soundings of political sentiment, are not convinced that open support of labor leaders is going to be politically beneficial in 1950. Some Senators and Representatives, who have played closely with top labor leaders, now figure that a show of independence is wise politically.

Republicans are beginning to worry over the prospect that in 1950 the Democratic party will have thousands of census jobs to pass out in an election year. Worry is that the party in power may be able to make political hay in key States with these jobs.

Leon Keyserling has the President's ear on economic theories and is strongly supported by labor and some farm groups for the Council's chairmanship. It is understood, however, that Mr. Truman wants to avoid the political controversy that might come with Mr. Keyserling.

Carlo Sforza, Italian Foreign Minister: "We have succeeded in creating intimate relations with France, as a contribution to the unity of Europe."

Ernest Bevin, British Foreign Secretary: "One step to confidence would be Soviet non-interference with the internal affairs of independent states."

Jacob L. Devers, General, U.S.A., retired: "The ability to strike first and swiftly, may mean the difference between a country which lives and a country paralyzed and destroyed."

William C. De Vane, dean a Yale University: "The veterans have brought maturity and seriousness of purpose to the campus."

Harry H. Vaughan, U.S. General, Presidential military aide: "There are only two people I have to please, President Truman and Mrs. Vaughan."

Herbert Hoover, former President: "No bureaucracy can create or sustain a system of morals or the inspirations of spiritual life."

Cyril Foster Garbett, British Archbishop: "Communism flourishes most of all in the countries where poverty is greatest."

Gerald F. Bogan, Vice-Admiral, U. S. Navy: "There is no cheap victory possible between any two nations or groups of nations having strong, if relatively unequal power."

Li - Tsung - Jen, acting-President, Canton Government: "Outside assistance is essential if we are to put up a really effective battle against the Communists."

Bernard M. Baruch, retired industrialist: "Merely to 'outlook' the atomic bomb is no insurance against atomic destruction."

## Miss Lou Ellen Pennington Becomes Bride of Arthur Bailey Duncan, III

At high noon on Sunday, October 30, Miss Lou Ellen Pennington, daughter of Mr. and Mrs. F. H. Pennington of Borger, became the bride of Arthur Bailey Duncan, III, son of Mr. and Mrs. A. B. Duncan, II, of Canyon, in an impressive ceremony in the First Methodist Church of Borger.

Reverend Noel Bryant, pastor, read the beautiful double ring rites at the altar which was flanked by tall baskets of white and pink chrysanthemums.

Nuptial selections were played preceding the ceremony by Mrs. T. L. Wright, organist, who accompanied Miss Lula May Gibbs, cousin of the bride of Amarillo, as she sang "Calm as the Night" and "If I Could Tell You." Mrs. Wright also played the traditional wedding marches as the processional and recessional.

Mrs. John Hoppe of Lubbock, sister of the bride, who was the only attendant, wore a wine gabardine suit and black accessories. Her half hat was of the same material and was trimmed with matching colored feather. Her corsage was white rosebuds. Her suit and hat were styled identical to the bride's.

A. B. Duncan, II, was his son's best man.

Entering on the arm of her father, who gave her in marriage, the bride was lovely in a winter white suit, styled with a fitted bodice, circular pleum and pencil slim skirt. Her self material half hat was trimmed with a white feather and her veil was shoulder length. She carried a white Bible mounted by an arrangement of tulle, rosebuds and stephanotis. For something borrowed she carried a handmade lace handkerchief belonging to Mrs. A. B. Duncan, II. Her only jewelry was a sweetheart locket, gift of the bridegroom.

For her daughter's wedding Mrs. Pennington chose a brown crepe dress with brown accessories. Her corsage was gold chrysanthemums. Mrs. Duncan, mother of the bridegroom, wore a black suit with black accessories. Her corsage was orchid chrysanthemums.

Mrs. Duncan is a graduate of Borger High School and received her degree at West Texas State in June. Her major was music and she was active in all musical organizations in the school. During her four years she spent in Canyon she was a member of the choir of the First Methodist Church. Mr. Duncan is a graduate of Canyon High School, West Texas State and is at present finishing his work for his D.D. in the School of Divinity at Southern Methodist University in Dallas. He served two years in the Army during World War II.

Following the ceremony the bridal couple were honored with a buffet luncheon at the home of the bride's parents. Miss Charley Ann Witt of Clarendon presided at the guest book.

Centering the lace draped serving table was the bride's Bible and bouquet which was flanked by tall tapers in silver candelabra. A background arrangement of white and pink chrysanthemums completed the decorations. The tiered wedding cake formed an off-side center of interest.

Mrs. E. Burrough of Borger presided at the crystal punch bowl. Miss Vivian Slagle of Amarillo, cousin of the bride, presided at the silver coffee service. Mrs. Hoppe, sister of the bride, served the cake.

Included in the more than sixty out-of-town guests for the wedding and luncheon were Mr. and Mrs. A. L. Walsh, Mr. and Mrs. W. O. Long, Mrs. Elsie Money, Mr. and Mrs. Clint Oldham and Sidney, Mrs. A. B. Duncan, II, Miss Johnnie Courtney, Miss Irene Angel, Mrs. Tommy Pierce, Mrs. Jewel Tabor, Mr. and Mrs. Ed Williams and Grace, Mrs. A. L. Stevens, Mr. and Mrs. George Denny, Mary Kate and

## Had RHEUMATISM So BAD That He Had To Quit Working

\*Caused by dietary deficiency.

Mr. Jerry Watkins, chief of detectives of the city of Hot Springs, Arkansas, suffered with rheumatism so much and the aches and pains were so terrible that he had to quit working in an effort to regain his health after he had tried everything which his friends recommended.

Detective Watkins is well known and his countless number of friends throughout the country will rejoice to know that he is now healthy, free of rheumatic aches and pains and now working hard.

Mr. Jerry Watkins

"For several years," Mr. Watkins says, "I suffered from a rheumatic condition in the hip and leg. I was very nervous and finally developed migraine headaches. I tried all kinds of medicines but nothing seemed to do me any good. I seemed to be growing worse and worse and was finally advised to take a leave of absence from my work on the police force in an effort to recover my health."

"The pains in my head sometimes were unbearable. I suffered tortures and I was miserable. At night particularly I lay awake and could not sleep."

Mr. Watkins said that someone finally persuaded him to try HADACOL, and after taking the first bottle he said he could see an improvement in his general condition.

"On January 14th of this year," he said, "I felt so much better I decided to go back on the job. The examining doctor told me I was in perfect health. Now I am

working from 8 to 12 hours daily and I am able to sleep as any normal person. I have taken six large size bottles of HADACOL and all my friends know I owe my good health to HADACOL."

Mr. Watkins is one of the many thousands of people who suffered from a deficiency of the B vitamins and the minerals that HADACOL contains and who, therefore, found relief in HADACOL.

It is a well-known scientific fact that the lack of only a small amount of the B vitamins and certain minerals in your system will cause certain bodily disorders such as nutritional neuritis, which causes the aches and pains commonly known as rheumatism, and there is no known cure for the ailment except the administration of the needed vitamins and minerals. This is why people who suffered for years and years never were able to obtain any relief until they took the vitamins and minerals the lack of which was causing the disorders.

HADACOL does not contain only one but has five of the B vitamins and four necessary minerals. It comes to you in liquid form so that it will be easily absorbed by the blood and, therefore, carried to the parts of the body which need them most.

So, it matters not where you live—no matter who you are—if you have tried all the medicines under the sun, you should be fair to yourself and give this wonderful preparation, HADACOL, a trial. And if your disease is caused by a lack of the B vitamins and minerals which HADACOL contains, then don't go on suffering—don't continue to make your life so miserable. Temporary relief for you is not enough. Take HADACOL.

Sold at all leading drugstores. Trial size only \$1.25, but save money; buy the large family economy size, only \$3.50. If your drugstore does not handle HADACOL, order direct from The Le Blanc Corporation, Lafayette, La., and when the postman brings your package, just pay the amount plus the c.o.d. and postage. ## Robbins Home Is Scene of Bridal Shower

A pre-nuptial shower on Thursday evening, October 27, from 7 to 9 o'clock honored Miss Louellen Pennington of Borger who became the bride of Arthur Bailey Duncan, Jr., on Sunday evening, October 30. Miss Pennington has sang in the Methodist choir for the past four years while a student at W. T.

Scene of the shower was the home of Mrs. Jeannette Robbins. Hostesses besides Mrs. Robbins were Mrs. Maude Walters, Mrs. George Hill and Mrs. J. J. Walker.

Guests were greeted by Mrs. Robbins and the bride and bridegroom-elect. Miss Pennington wore a taupe colored dress with a gold studded belt, and brown accessories. Her corsage was of white chrysanthemums and snowberries. Mrs. Duncan, mother of the bridegroom-to-be, wore a navy crepe dress and her corsage was of yellow chrysanthemums.

Misses Marjorie Frost and Laverne Henders furnished a soft musical background during the evening.

On the table where Joyce Hill and Frances Findley registered the guests, was an arrangement of yellow and white mums centered with a crystal dome holding a miniature bride and groom. All the entertaining rooms were decked with white and yellow chrysanthemums.

The serving table was centered with an attractive arrangement of snowberry and Eleanor Roosevelt irises arranged in a crystal bowl. Mrs. R. B. Brotherton and Miss Johnny Courtney, aunt of the bridegroom-to-be, presided at the silver tea service. Guests were served coffee or tea, and cookies, mints and nuts.

Approximately 80 guests called or sent gifts.

"Christ the Answer for the Pagan People" was the theme for the Royal Service Program heard by members of the First Baptist Women's Missionary Union Tuesday with Mrs. Virgil Henson in charge. Approximately thirty women were present.

## Teachers to Vote On Officers Friday

Election of state officers to serve the Texas State Teachers' Association will be held next Friday, November 4. Candidates for election are: Waurine Walker, first vice-president, and immediate past president of Waco Classroom Teachers' Association, nominated for president; Mortimer Brown, superintendent of Tyler schools, nominated for first vice president, and Ruth Hillier, nominated for second vice president.

Randall County unit voting will be under the direction of the election committee who are: Riley E. Baker, of the Government Department of West Texas State College; Frank H. Morgan, registrar of the college; Mrs. Linnie Harter, librarian of West Texas Training school; and E. A. Wooten, superintendent of Canyon Public school.

Members of the unit, presenting 1949-'50 receipts for membership, may vote in one of three places: the registrar's office at West Texas College; the library at West Texas Training school, or in the Teachers' Council room at the Canyon Public school.

Dr. Ruth Lowes, president of Randall County unit, urges every member to vote in Friday's election.

## REASSURING MOTHER

Young Harry had made friends with a new boy from across the tracks, and his mother was worried about it.

"Harry," she anxiously inquired, "does he use any bad words?"

"No, Mother," Harry replied, "and don't you worry—I'm not going to teach him any!"

# It's a \$2,064 pot, mister!

With new-car prices averaging about \$2,064, you're battling Old Man Wear for a rich pot in that new automobile of yours!

And wear is especially hard to beat in winter. To win back your stake, you'll need an unbeatable hand...

You'll need OIL-PLATING!

**1. Oil-Plating**—a feature of patented Conoco N<sup>th</sup> Motor Oil—performs a wear-preventing miracle by fastening a shield of special lubricant to working parts. OIL-PLATING can't all drain down—even overnight!

**2. Magical Performance!** Even when the fine lubricating oil itself isn't covering a part, OIL-PLATING is! It protects your engine from grinding "dry-friction" starts... from combustion acids... from sludge and carbon caused by wear.

**3. Winter's A Killer!** These wear-makers, at their worst in winter, threaten your car now. New and older cars both urgently need Conoco N<sup>th</sup>. Don't wait... drive yours in today and armor it against winter with Conoco N<sup>th</sup>!

Thomas Carlyle said "Our main business is not to see what lies dimly at a distance but to do what lies clearly at hand."

Many years ago, a large newspaper temporarily added two men to its staff of reporters during the summer vacation season. One had had some experience in a small city; the other, just out of high school, had had no experience. About the time the vacation season was over, one of the regular reporters resigned so the city editor decided to retain one of the temporary reporters permanently.

He chose the one who had had no previous experience, explaining, "The other man was always asking for important assignments and was impatient with routine work but the one I'm keeping accepted the most trivial work without complaint and did it to the best of his ability."

In other words, the one who was retained was content to do the task at hand, however small it might be. It's a shame to mar this story—

but the truth is that the young reporter felt incapable of doing anything that was very important and he actually welcomed the humble tasks.

The reason I know is that he was me.

In reply to a request not simply for an autograph but a letter, Mark Twain wrote to young Edward Bok (afterwards, famous magazine editor):

"No man takes pleasure in exercising his trade as a pastime. Writing is my trade and I exercise it only when I am obliged to. You might make a request of a doctor or a builder or a sculptor and there would be no impropriety in it but if you asked either of those for a specimen of his trade, his handiwork, he would be justified in rising to a point of order.

"It would never be fair to ask a doctor for one of his corpses to remember him by."

How to say a thing so there would be no chance for not understanding was demonstrated by General William T. Sherman when his name was suggested for the Presidency. He wrote: "I will not run, if nominated, and will not serve, if elected."
